From Norma's COWETA CHATTER, we gleaned the following literary gems:

We're looking for FAMILIES, not for SKELETONS.

THERE ARE NO STRANGERS HERE, ONLY FRIENDS WE HAVEN'T MET.

From Norma again, but this with the help of Daniel Webster:

The man who feels no sentiment for the memory of his forefathers, who who has no regard for his ancestors, or his kindred, is himself, unworthy of kindred regard or remembrance.

PRESIDENT MESSAGE

Greetings -

to Genealogists around the world. We here in Northern California are rarely heard of or known about, unless you had an ancestor who answered the challenge to search for gold. Or perhaps became exhausted with the struggle to farm in so many states where the weather had such a destructive effect, and upon hearing about "Sunny California", decided to try it. And California continues to grow. There are even a few of us who have ancestors that greeted these new arrivals. Some of these are of Spanish blood, and farther back were the Indians. But whoever you are, and wherever your interest in Northern California springs from, those of us who live here now, welcome you!! It would be great to know more about each of you personally, even tho your homes are so far away. How about some letters?

The news of the tragic accident of the Yuba City Hi School bus in May brot Northern California to the attention of the entire Nation. It left its mark with everyone of our local members, and to most of you across the nation, it also had a sad effect. For the twenty-eight students and one teacher whose lives were completely lost, the tragedy was difficult, to say the least. For those whose lives were not completely destroyed, in many cases, the tragedy has been almost as difficult to face. At this time, with the exception of the bus driver, the other young people are either in local hospitals or at home and slowly recuperating. Aware of the importance of names to genealogists, and the lack of these in the newspapers east of us, any of you who wish a list of the young people involved, please feel free to write.

As we are battling the cost of this publication, and the monthly Newsletter, July information is being included. This will give those of you across the country an idea of what we will be doing at our July meeting on Tuesday, the 27th, and perhaps you will hop on a plane and join us. Our speaker that evening will be Vice-president Gene Mattocks, on "Available Research Sources from Pennsylvania", for the 'State of the Month' basis. In April those attending mentioned the state that was giving them the most difficulty at that time, and Pennsylvania ranked the highest. The material to be presented can be shared with anyone away from here, at the cost of a self-addressed envelope.

In our March publication, we mentioned collecting Betty Croker coupons to turn into cash. Since that time, we have discovered that General Mills is no longer giving cash to organizations. However, with the belief that the coupons will still have value, we are continuing to collect them, to be aimed at the enlargement of our library. Are there any thoughts in your minds as to a good fund raising campaign with which we will be able to enlarge our library? Please share it with us.

Last year a list was made of all publications we each had to share with others -- whether thru the mail, in our homes, or at the meeting only. Since it has been a while, we felt it necessary to repeat these lists, and to make new lists for additional members. Please list both the publications which you receive, as well as any books you will share. Each of you should make your personal sharing rules. Do not feel that there is an obligation to share anything - just make your own decision regarding this. Librarian Jessie Armstrong will keep a record of what is available. Perhaps this will help our library to grow - even tho it will

Pres. Message, Cont'd.

be kept in many homes. To any of you away from here, the cost of sharing will probably be shipping charges, unless otherwise requested by individual members.

As you make these lists out, if you have never turned in your Surname List, make it also - as we enjoy sharing information in this line as well as library material. Our total number of members at the present time (19 July 1976) is 55 paid memberships. This includes three public libraries, as well as Wisconsin State Historical Society. In addition, we share our publication with a large number of organizations (see Editor's comment). Thirty-seven of these members are within a fifteen mile radius of our meeting room. At this time, our bank balance in the regular fund totals \$224.78, and our book fund totals \$60.50. We are not 'mighty' but we are growing!!

The one section of our "Digest" which needs to have attention is the Query Section. For some reason, either our readers have no problems in any part of the United States, or you just don't have enough time to share them with us. Whatever the reason, Queries are welcome. We are not charging at this time, and we will keep our system this way as long as it is possible. I challenge each person reading this far to sit down immediately and to write down your most difficult problem, and mail it to us at once!! We'll be waiting to hear from you.

In the meantime, -- hope to see you all on Tuesday, 27 July, at 7:30 PM at the Sutter County Library, in Yuba City.

Indra Nason, President.

It is with regret that we announce that our last year's Vice President has left the area. Bernice Geitner and her family are no longer with us. Curt, Bernice's husband works for the California State Division of Hiways, and he was transferred to the Eureka area in January. We'll miss her very much, but she has promised to keep in touch, and will return now and then. She is the third of our current members to have "gone west." It's about time now for some of you out-of-towners to be transferred in. We'd love to have you.

I. N.

About Our Library. We have acquired two new volumes for our society's use. One was organization purchased (Virginia Taxpayers 1782 - 1787. This book contains 150 plus pages and has to do particularly with persons not named on property owners lists. The othe volume was privately purchased and donated to our library. It is Richmond City, Virginia Marriage Bonds 1797 - 1853. These books, as well as many others, belonging to the club library, are in the custody of our Librarian, Jessie Armstrong. 9205 Armstrong Road, Marysville. She is a working girl, but can be reached most evenings by telephoning 742-3628. If at first you don't succeed, dial, dial again. The law of averages will catch her for you eventually.

GENEALOGY LECTURER GARLAN ASBELL

"RESEARCH NOTEKEEPING"

Submitted by Indra Nason

Guest speaker, Garlan Asbell (Gencor, Inc. of Salt Lake City) spoke in Yuba City in March, and left us with several interesting thoughts -- among which the following seemed of particular value for strengthening our research ability. Mr. Asbell's first statement, which he carefully stressed, advised genealogists NOT to use note paper, 3-ring binders, or index cards (3x5). He strongly believes that putting the information directly into a family group sheet individually, from each research source, will be the most useful. It was also pointed out that at least twenty-five sources of information are necessary to get an accurate and true picture of each ancestor. He envisioned a good genealogist slowing down and enjoying the sport!

Research notekeeping is most effective when a definite plan is developed and followed. Beginning with a preliminary survey of all the material available, whether previously printed, oral conversation with members of the family, or checking the Table Index Bureau of the Salt Lake Genealogy Library -- and preferably doing all of those things for an accurate picture of your ancestor. Following this, a research analysis is in order. A careful check of the general area where your ancestor lived will include such things as City Directories, County Histories, Tax Lists, old newspapers, and many other possible sources of information in just about every area. We were advised not to give up easily.

As mentioned earlier, every item found is put on a separate ^{family} work sheet, and the source recorded. Carefully outlining and comparing of every other item, which has been recorded at this time, is the post-search analysis. At this point, Mr. Asbell encourages everyone to look for mistakes. Don't be too convinced that the stories told you by your grandmother really covered the facts. As they are remembered and repeated through the years, they change incessantly. When this has been completed, pick up the problems left by your survey, and start all over again.

A notekeeping system was carefully described to us, listing those things necessary to keep our thoughts in order. Briefly, they include a Pedigree Chart (To act as a Road Map), followed by a Calendar or Index, which can be observed as a Log, or a Diary, making it the heart of the system. The Research Outline serves as an itinerary of activities. A Worksheet filed on every source of information, helps to keep us away from scratchy notes that cannot be interpreted two days later. The fourth item is the Document File, containing the accurate evidence concerning your ancestor. Each item included in it is numbered and listed on the calendar and index. The final necessary item is to have on hand, at all times, is a Case File. This is a catch-all. Anything you receive - letters newspaper items, censuses records, etc. - can be kept in this file.

Mr. Asbell also stressed the use of a tape recorder, particularly when talking to members of your family. He also stressed the habit of searching sequentially in time - that is, for the death first, marriage second, and the birth, third.

A great deal more information came from our speaker as we turned to discussions regarding court records. An item of primary interest referred to the many ^{times} cities and counties - particularly in the South - have been unable to come forth with our request for help because "our County Court House was burned." History shows that actually only 43 courthouse buildings in the entire South were burned -- and only nine of these lost the complete records!!

Two references were made to solve some of the Southern problems. A WPA Bibliography #7 was prepared in the 1930's, on a project to find where these Court

I am relying on my memory to a great extent in compiling the foregoing lists of our "CUSTOMERS". If I have failed to include any names that should have been noted, I sincerely apologize, and I will try to improve on another occasion.

QUERIES

Maybe it's the weather, or maybe it's due to unknown causes, But, there surely must be a reason why we have received no queries during the past three months. For a while we were receiving several each month, but suddenly, like the well known water well, our source seems to have dried up. Is it possible that our readers have decided that they no longer need to ask for help in searching out their ancestral lines? That, indeed would be a sad day, or perhaps a harbinger of the millenium, when all research has been completed, happily and successfully. That situation might, just possibly, have arrived, but I rather doubt it, don't you.

Just so we do not appear to have a complete blank, we are printing a single query that arrived this quarter. Here 'tis:

No. 1 - 6

PURTYMAN Huber, Glen R., 1141 W. Upjohn Road,, Ridgecrest CA., 93555
seeking information of great grandfather, Stephen Purtyman, b.
21 Oct. 1854 Marysville, CA. Listed in 1860 Census of Nevada County, Calif.
His father, Emra C. Purtyman left Iowa sometime between 1852 -1854 and
evidently came directly to Marysville, Calif., later going to Nevada County.
Appreciate any help.

Go back to the top of the page: In the latestmail we have received three more exchange acceptances. They are: New Jersey Genesis, New York; Minnesota Genealogist, St. Paul, Minn; and Poplar Creek Newsletter, Carpentersville, Ill. This brings our exchange circulation to 23, which, added to our above mentioned libraries as subscribers and local museums and libraries, bring our circulating group to 32. And there are still quite a few who have not replied.

Research Notekeeping, Cont'd from 70 - A - 2

House Records are located - and it contains the index to all the other books that have the court house information.

A second book "Orgaization of Courts" by Roscoe Pound is referred to, in order for us to understand the court system. Gencor, Inc in Salt Lake City will probably have copies of these items available.

The above is rather a brief summary of the subjects covered by Mr. Asbell's lecture. We were certainly encouraged by some of his information, as well as overcome by some, and our understanding on the several subjects was definitely improved. We are looking forward ro seeing Mr. Asbell again some time in the future.

The following noteworthy OBIT was taken from GENEALOGY, May 1976, No. 22 published by Willard Heiss.

WILLARD R. JILLSON COMPLETES ACTIVE LIFE.

On Sunday, 5 October 1975, Dr. Willard R. Jillson was taken in death. an able, inquiring and versatile author and scholar, he made during his long and fruitful life, notable contributions in history, literature, art and a variety of scientific subjects related to Kentucky.

The Library of Congress contains 244 of his titles, and the University of Kentucky Library has 650.

Dr. Jillson is well known to many genealogists for two land mark books. They are: Kentucky Land Grants; a systematic index to all of the land grants recorded in the Stste Land Office in Frankfort, Kentucky from 1782 - 1924. (Filson Club Publ. 33, 1925) and old Kentucky entries and deeds. A complete index of all of the earliest land entries, military warrants, deeds and wills of the commonwealth of Kentucky (Filson Club Publ. 34, 1926). He also compiled The Big Sandy Valley (1923).

I believe that all three texts have been reprinted by the Genealogical Publishing Co. of Baltimore.

More Miscellaney

Every now and then I awaken to the fact that I have committed a goof. Ordinarily, thegoof is not of a world shaking nature, as this one is not, but goof, it was, just the same. In the DIGEST for the first quarter, there was published, a list of membership in the society, in good standing. As far as it went, it was OK, but it just didn't go far enough. There were omissions, new admissions and even a couple who had dropped out. So, to bring the list up to date, here are those whom I had overlooked: Mrs. Linda Anderson, Melba L. Beere, Mrs. Ray Badger, Mrs. Douglas Beatle, Mr. & Mrs. J. E. Claunch, Mrs. LaVonne Ketchum, New York Public Library, Public Library of Fort Wayne and Allen County, Indiana and Mrs. Jack Smith. All of these are members in good standing to be added to the list in the first quarter's DIGEST. I hate to mention it, but the term "in good standing" implies paid up dues, it's about our only delineating item.
