PRESIDENT'S MESSAGE

As Issue No. Four, Volume Three, goes to the press, I am inclined to look back over these three beginning years. Before we actually considered ourselves a Society, just five people -- all comparatively strangers to each other --- met in a home in Yuba City and discussed our interest in Genealogy, and the possibility of becoming a "working" Society. Credit for this meeting actually belongs to the Sutter County Library, as they knew those of us who were constantly ordering material from Sutro Library, or San Bruno Federal records - or perhaps just pestering the Librarians with questions. As a result, we met, and were off from there. After three years, we have learned a good deal, and most of us still have a very long way to go.

During this past year, serving as your President, I have had personal accomplishments on my mind - and the majority of these have been fulfilled. The completion of our first "all-day Seminar" in November will always be one of my better memories. As that day ended, Treasurer Eileen Lassus and I felt so certain that we had lost money from our "Book Fund" in this project, as our attendance was not as large as we had hoped it would be. Three of our speakers, seeing we were feeling a little bit low, told us the facts. It seems that a group almost always comes out in the "red" at their first Seminar. Usually they just about "break even" at the second affair, and by the time they have their third event, they end up quite successfully. (I'm sure it's a good thing we didn't know about this before we began.) In any event, to our delight, after Eileen attacked the figures and the bills we still had to take care of, we ended up with some \$24.00 to add to our Book Fund. May I suggest that you all get a "Banker Lady" to be your Treasurer.

The Seminar was good for us in the enlargement of our membership - primarily local people, altho we are happy to have members from any part of the country. We can see the need for genealogical knowledge and help spreading more and more, all over the world. Whether our connection with someone researching our area is thru a paid membership, or an exchange publication, it's value is still there.

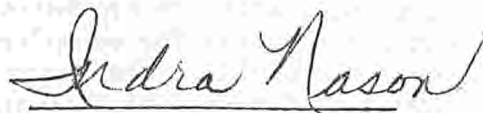

In November, I was asked to speak to a History Class at Yuba College, regarding basic genealogy, and as in almost every meeting with the general public, I learned something. The class was quite large, and with the exception of one or two students, the entire class had no knowledge on the subject. Fortunately, I had been advised that a young Negro lady was very interested in the subject - and that stopped me. We had never discussed this type of research before - altho obviously we needed to discuss it, as a desire for genealogy is spreading throughout every nationality. Fortunately, Librarian Donna Smith in the Gridley Stake Library, mentioned a book she had heard of, and that started us digging. Reviews of this particular book had appeared in several publications, and we found a recent one printed in a Salt Lake publication. We copied the review, and I was able to deliver this to the young lady. She had not heard of the book - and was completely surprised. The particular story (Roots, by Alex Haley) was reviewed by Literary Digest, and has become quite famous, as well as having been made into a movie. It is the story of Haley and his search for his personal history, thru a grandfather (a slave) back into Africa. For those to have seen the movie or read the book, the importance of finding a family history, to the author, was very clear.

I must say a special "Thanks" to both the Paradise Genealogical Society (covering Butte County records), as well as the Shasta County Society, for their contributions to our Library. We now have complete copies of all of their publications to date. In addition to that, and just about the same time, Head Librarian Verl Weight (East Sacramento Stake Library, Carmichael) sent us all the extra copies that they had been putting out in 1960's. It was a very large addition also. There was material from Sacramento and Placer Counties, as well as some records from the State of Oregon, and many other things. They are no longer publishing, and we are certainly happy to add this information to our Library, from all of these groups.

As long as I have mentioned this, to all of you who share your publications with us - my personal thanks. It makes a great deal of difference to read material taken from the areas of your family's past, particularly when you have never even walked in that area. Every state isn't quite the same as California. History becomes so much more alive when you know a little about your family, and you read about the state from which they came. To me, genealogy is so important when it is able to enlarge just a name and some dates into a real picture of my ancestors. So THANKS to all of you - for sharing.

May I wish our incoming President the very best of luck, and wish for each of you a strong desire to work with him in an area that will inspire the Society to further growth. Every incoming member is a potential for help in some person's problem area. Perhaps it will be yours. During this four year, I challenge each of you to get acquainted with the other members - and see if you can help someone else. For those of you not California Diggers - Is your state represented by a publication? If not, order it. This may bring on the answer to your most difficult problem!!

May I wish you the best of luck - and KEEP SEARCHIN!!

Taken from the National Genealogical Quarterly, Vol. 54:

It will be of interest to readers of the Quarterly, that the earliest of New York "WILLS" (up to 1730) listed in the journal in the numbers of June (pp 90 - 99) and September (pp 174 - 178) 1963 have now been deposited by the Surrogate's Court in the Historical Documents Collection of the Paul Klapper Library, Queens College of the City University of New York. In addition, somewhat more than 2,000 "WILLS" dating from 1776 to 1829, now in the same collection have been recently catalogued. Any correspondence relating to them should be addressed to: Historical Documents Collection, Department of History, Queen's College, Flushing, New York 11367

Taken from GENEALOGY, May 1976, Indianapolis, No. 22 - By Willard Heiss.

Willard R. Jillson Completes Active Life.

On Sunday, 5 October 1975, Dr. Willard Rouse Jillson was taken in death. An able, inquiring and versatile scholar and author, he made, during his long and fruitful life, notable contributions in history, literature, art and a variety of scientific subjects related to Kentucky.

The Library of Congress contains 244 of his titles, and the University of Kentucky - 650.

Dr. Jillson is well known to many genealogists for two landmark books. They are Kentucky Land Grants; a systematic index to all the land grants recorded in the State Land Office in Frankfort, Kentucky, 1782 - 1924 (Filson Club Publ. 33 1925) and Old Kentucky Entries and Deeds; a complete index to all of the earliest Land Entries, military warrants, Deeds and Wills of the Commonwealth of Kentucky (Filso Club Publ. 34, 1926. He also compiled The Big Sandy Valley (1923)

I believe that all three of these texts have been re-printed by the Genealogical Publishing Co., of Baltimore.

I am searching for any information concerning

Collogan, John - for mu family history at the time of the death of
 Collogan, Patrick, father of John, in 1861. John had been in Calif-
 ornia for eleven years. However, the only clue to his
 whereabouts is the acknowledgment of a Quit Claim Deed
 signed by John as being in Yuba County. He signed another
 1 in 1893 as being of Nevada County. I also received from
 Nevada County his certificate of marriage on 14 February
 1895, but this the only piece of information that I have
 found. John was born in Illinois. Do you have any instrument,
 Deed, Mortgage probate, death for him or for the name
 Collogan? His wife's maiden name was Grace Staples. Perhaps he might have
 become a father.

 I am seeking information about: Zip 94121

Sampson, Henry C.

Sampson, Camille (Nee Clair)

Hart, Lola (Nee Sampson) all of whom lived in Marysville or vicinity
between 1850 and 1880.

Henry C. Sampson (who died in 1883) was probably English and
in some way related to Charles Beverly Sampson and W. H. Samp-
son.

Camille Clair seems to have been French. Although relevant
Yuba County records are unavailable, they were probably married
in Marysville during the mid 1850's.

One son: Charles Clair Sampson, born 29 Aug. 1857 or 1858 in
Marysville. Camille Clair apparently died in child birth or
soon afterward.

Henry Sampson was married before -- possibly to someone named
Greely. They had one daughter, Lola, who married a man named
Hart

Now comes the time that I really dread every issue of the quarterly issue. I have an enormous amount of cut stencils that I am not going to be able to use in this issue, so I chew my finger nails and start to organize. The part that follows immediately can not be listed as a query, but it will certainly be a lot of help to some of us are making up queries to be sent in for publication. Before we get too far off the beaten trail, this Morrie, the General Editor pecking away with all of his thumbs and a few occasional fingers. The Query Editor is coaching from the side lines, and a another assistant who doesn't, who doesn't know that she has been called to help out with our own publication, is Mrs. Larry P. Clark. Anyway, she should be at least sainted for her part in getting this joint-effort "Diggers Digest" into the mail late though it is. Now that this off my chest, and I can formally acknowledge the help of Mrs. Clark, and officially she is the the Historian of the "ARKANSAS FAMILY HISTORIAN. Thanks again Mrs. Larry P.

Now to get to the part that our Query Editor is Mrs. Frances M. Shepherd, who in a moment of weakness, and questionable judgment, quite a bunch of years ago, answered affirmatively to a few cleverly worded "queries", and there you have the story of our lives.

The part that I have been requested to print is on page 214-B, with especial attention given to the few lines on the top of the sheet. Then, of course there is a map with numbers on it and the look at page 119 of Volume XIV, Number 2. Heads up and hang onto your hats, we're off in a cloud of Smog, cooked up by Mrs. Larry P:

I would like to recommend the M 804 microfilm series which has been released by the National Archives and Records Service. These are the complete records of the Revolutionary War Pension & Bounty Land Warrant Application Files. Everything in the file has been micro-filmed, even scraps of paper with only a number or a name. This contains much more information than you receive when you order the photo copies of a sevice record.

Order from:

Cashier
National Archives (GSA)
Washington, DC 20408

Microfilm 804 - Roll #. (List surname desired and given name if you do not want to buy all of one name) \$12.00 per roll.

Many of the names are on more than one roll, but unless the name is Smith, Jones, Johnson, or other very common you will be able to buy all of one surname for not more than \$24.00

Another couple of queries that managed to slide across the desk, and under the invisible time limit dead line:

No. 1 - 16 Johns, Mrs. Beverley, 18305 Old Monterey, Morgan Hill, Calif.,
Zip No. 95037.

Meggott or I am trying to locate anyone with the last name of Meggetts/
Miggett Miggett. I have found in the 1850 Census of California: George
Meggets in the Yuba County Census.

My grandfather was:

Meggetts, Jesse B., from San Benito Co. California. His father's first
name is unknown. I would appreciate any help you can give me.

No. 1 - 17 Talbott, Gen. Orwin C., 234 Anchorage Drive, Annapolis, MD
21401.

I would appreciate receiving what ever information is in
your records of births of my mother and her father, and
and wedding. Birth:

Smith, Anna Violet (Talbott). b. 17 October 1892, Live Oak, California.

Smith, Stephen Welty, b. 18 October 1862 in East Butte;

Stephen's father was:

Smith, Gilbert Nelson, whose place of residence was Old Camp Bethel,
East Butte.

Marriage: (At the home of Gilbert Nelson Smith, reportedly:

Smith, Stephen Welty and: Clark, Mary Tillie, on 9 Nov 1889.

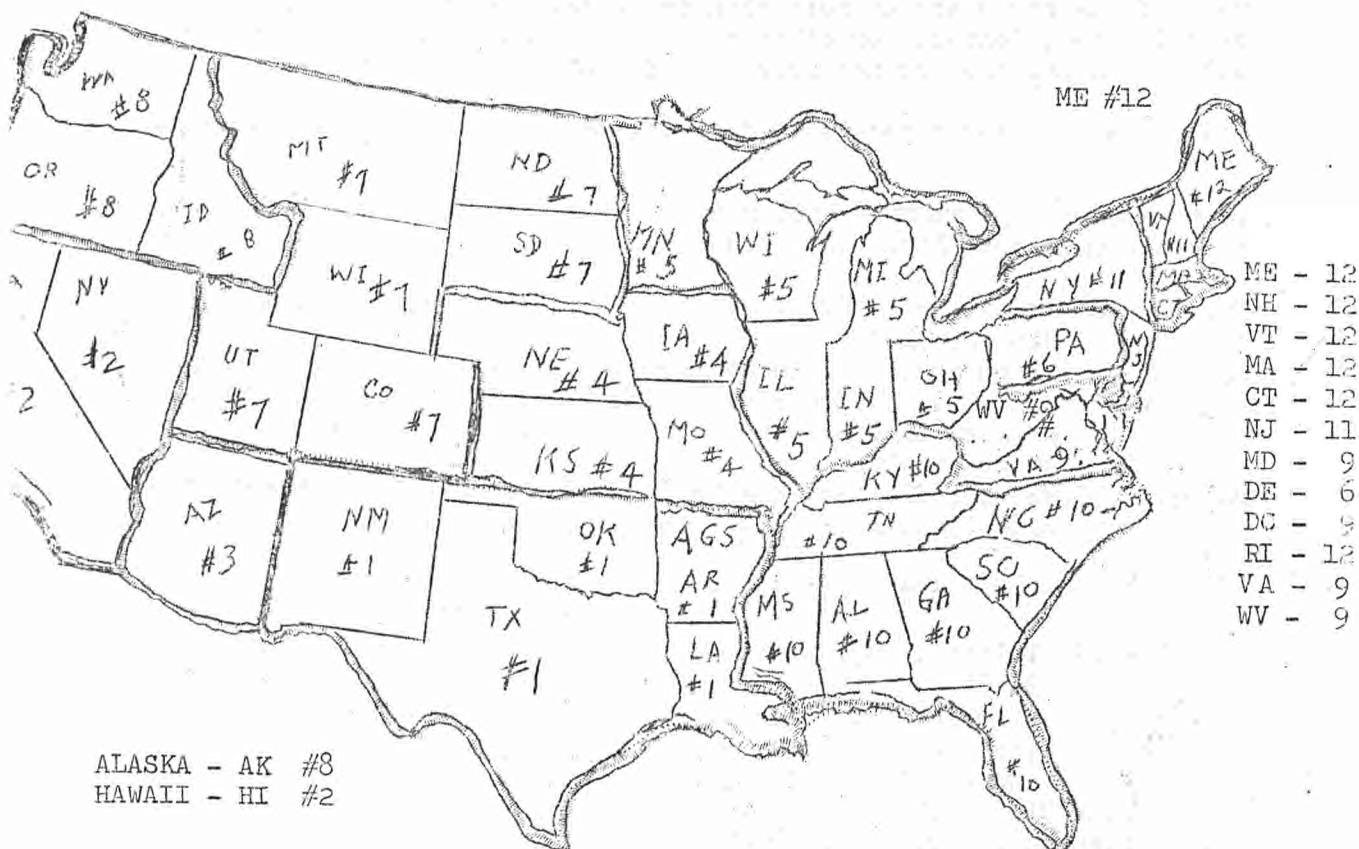

Thank you.

Because we only publish quarterly, it is sometimes difficult to keep track of all current events, For instance, something of note happens, and my ever lovin' (I hope) secretary and wife gives me a small slip of paper, with some pertinent data on it. I do my duty and place this little slip into one of several hiding places (some people call these places pigeon holes) and if I am lucky, it is still there and in plain sight any where from a few days, to a couple of months later. In the latter instance, that means that it is somewhere near time for me to warm up the old typewriter and get the items collected, and selected and try to make the appropriate heads and tails match with the tails and heads in their right order, without having too many assorted and mis-matched items .

Anyway, my intentions are good, and my father used to tell that a certain heavily travelled highway was paved with that same kind of intentions. This time, perhaps it will reverse the cycle, and I'll get a wee bit accomplished before I try to clean off the top of the desk:

New Members, we greet you. Come and join us in our "DIGGIN".

any other
These names are not necessarily in/particular order,/than to dump the "In" tray upside down, and start from there. In this manner, it is hoped that I will accomplish the old "first in, first out" method that the Army tried so hard to teach me.
