NOTES FROM THE EDITOR:

The following information may be helpful for those newly interested in genealogy, or new to research in this area. This is a very brief over-view, and a more detailed report may follow in a later issue. A later issue will also deal with the records available from the various county officers.

1. Diggers' Digest, published by the Sutter-Yuba Gen. Society - Back issues contain many records relating to this area. Marriages, cemeteries, tax lists, local histories, etc. Many back issues are available for purchase. They may also be examined in our holdings in the California Room of the Yuba County Library.

2. Barbara Woods, a valuable member of our society, has been giving a course in genealogical research once a month for this past year. These lessons will resume later this fall, and are helpful to the more experienced researcher, but are especially helpful to those new to genealogy. There has been no charge for these lessons, only a small donation to help with the lights and heat for the meeting place.

3. Sutter County Library, 750 Forbes Avenue, Yuba City
Sutter County newspapers, beginning in the early 1870's are on micro-film. These have been indexed up to about 1925, and this indexing is still going on. Two micro-film readers are available. The index, and the film is not in the public section of the library, but may be requested from the staff.

The Histories of the County are available, both 1879 and 1924; as are several old "Great Registers" of the voters of Sutter County. These registers usually include the name, description (height, coloring, scars, etc.), age of the individual, and his place of birth.

Few genealogical books have been purchased for this library.

4. Yuba County Library, 303 2nd Street, Marysville
Many books of genealogical interest on the reserve book shelves. There seems to be a continual program for the expansion of this collection, and we are most grateful.

In the California Room, the old newspapers are available on micro-film. Readers are available that make photographing of these possible.

There is also a great deal of information, histories, etc., that covers not only Yuba and Sutter County, but other parts of California.

The index file in this room is not restricted to the old newspapers. It includes the 1879 Histories of Yuba and Sutter Counties, the publications of the Sutter County Historical Society, etc.

The Sutter-Yuba Genealogical Society's collection is also in this room. It is available for all visitors, and most of the material may be checked out by the members.

Local Research Information Continued

5. Sutter County Museum, 1333 Butte House Road, Yuba City
Various Sutter County Tax Records -- going back to 1859. "Great Registers", Histories, Maps, (some showing early land owners), Pictures, etc. for Sutter County.

Publications of the Sutter County Historical Society. Many of these contain articles on early Sutter County Families as well as on our early history.

The staff at the museum is most helpful to those seeking information.

6. Gridley LDS Branch Library, 348 Spruce Street, Gridley
(A branch of the LDS Genealogical Library of Salt Lake, UT)

The Library is open to all. A card catalog film can make the vast holdings of the Salt Lake Library known to you, and makes it possible for you to order films from Salt Lake and view them on the readers here.

Microfiche and the readers are available, along with vital records gathered from around the world.

The card index file is the best index I have found in any of the branch libraries. It helps make the many books, micro-film, quarterlies, etc., more useful. This file is divided into six sections. One section, for census records, is located in the film room. The remainder is in the outer room, and the sections are: Surname, Locality, Pedigree, Title, and Author. The pedigrees have been turned in by Church members and other visitors. You may place yours there if you wish.

A micro-card file in the film room holds valuable information, especially for researchers in the New England area, and is very seldom used.

There are also forms you may purchase for recording your information.

7. Sutro Library, 2495 Golden Gate Avenue, San Francisco

(A branch of the California State Library)

Sutro is our nearest large genealogical library whose holdings include histories and records of towns, counties, states, and countries; family genealogies, DAR Lineage Books, and much, much more. These holdings are listed on micro-film at the Sutter County Library, and probably in the Yuba County Library. The Sutro material is available to you, both through a trip to San Francisco, and through your local county library on inter-library loan.

Census records from 1790 to 1900, inclusive, for the United State may also be ordered through your local county library. They are also available for viewing in the Regional United States Archives in San Bruno.
