Mr. Don Toburen:

It is with sincere appreciation that we, the class of 1964, dedicate our annual, the "Bulldog Memories", to you.

We feel that in the past four years your interest in us and the guidance you have given us will help us toward a better and more prosperous life.

So, we hope, by dedicating this, our yearbook to you, we can repay you in some small way for the devotion and personal interest you have given us all.

Class Prophecy

As the train of ages glides along, so does the 1964 graduating class of Waverly Rural High School.

R. D. Anderson is now in California working on a huge ranch. He always did like to horse around.

After graduating from high school, Danny Bowlin devoted himself to his job at William's Market, and has now advanced as owner and operator of the new William's Super Market.

Gwen Combes, presently known as Gwenny Goodman, is now a professional clarinetist, and has received top recognition at Greenwich Village, of which she is now a resident.

Bob Drumm is now the head of the Goodyear plant in Topeka. He finally passed the physical after spending two years living on banana splits.

Doug Durow, a confirmed bachelor in high school, at the age of sixty-five, has decided to marry a blond-haired beauty.

Don Gutsch has decided to become an international playboy. He began his preparation in high school.

Dinah Halpain is now Dean of Women at Pittsburg State. During her school days at Pittsburg, she was presented with a plaque for being the most cooperative student in the school's history.

Charles Hull is working for a road dare-devil team. He never lacks courage when going at high rates of speed.

Lola Hamilton has recently entered a contest of skill, seeing how long she can go without talking.

Kenny Ireys is now a test car driver for the Ford Motor Company. Their theory is that if the cars stay up under him, they will be sure to last a life-time.

Joyce Kannarr was owner of a horse ranch, but she had to give up her business when she became allergic to horses.

Mike Leib has gone into partnership with Perry Mason, and is now working on the cases that Perry lost.

Francis McDonald now owns a ranch where he produces several different species of hybrid mice.

Marjorie Nielson is still in college trying to decide what to major in. Some people wonder if she isn't working for a MRS degree.

Everett Phillips, often referred to as Alfred Landon II, now holds the record for being the most thoroughly defeated candidate for the presidency of the United States.

Doug Phillips has successfully completed writing a high school text book for government courses entitled, "Our Constitution in Thirty Words or Less".

Janice Poppe has replaced her father as Principal of Waverly High School. The students are tearfully requesting the return of Mr. Poppe.

Teri Pyle (At the age of thirty-two) has again decided to run away from home.

Sally Siebert is now a Hollywood film star. She always was a great speech student in high school.

Sharon Starkey is a weight lifter testing the results of eating Big G cereals every morning for breakfast.

Carol Stewart has become known throughout the world as a renowned writer, completing an edition of LADY LOVERLY'S CHATTER.

Kenny Sutton is owner of the Standard Service Station in Waverly.

Dennis Tyson is now head volleyball coach at Vassar. He and his girls are so nervous, because they will play for the national championship against their rival, Radcliffe. Radcliffe's new coach, Bill Linhart, has taught the girls, along with skill, the psychology of volleyball.

Gayle Williams has abandoned the flute and now plays the bass drum in the U. S. Navy Band. They just couldn't resist her charm.

Glen Winchell, a successful accountant, has devised the new Winchell System. His new "think system" completes the work accurately while Glen sits back and relaxes.
