

INDEX, THE MADISON NEWS
February 10, 1938 – August 15, 1940
Madison, Greenwood County, Kansas

INTRODUCTION

The Greenwood County Historical Society Museum, 120 W 4th Street, Eureka, Kansas 67045 has one reel of microfilm containing the images of this newspaper for this time period.

The paper was published weekly by Harry V. Baxter on Thursday, usually in an 8-page, 6 column format, but some pages are missing, some are duplicates, and there are some inserts. Some pages are not numbered/dated and some pages are out of order, especially #2 and #6 (and an effort was made to place an * by the numbers to help you find it.)

Each available page was SCANNED specifically for notices of births, marriages, deaths and items believed to be helpful to genealogy and history researchers. Many items are just "who is visiting who" or attending numerous meetings, etc. and were not indexed.

Each indexed item was hand copied, typed into a computer data-base program as Subject, note about, Page/Column numbers, issue date. , then alphabetized for printing. Proof reading was not done, so there may be errors. If item is not found, check column, page, issue date before or after, it is there!
