KEMPER CEMETERY

This cemetery is located in Section 3 of Sedgwick Township approximately on the north 1/2 mile line. From Sedgwick, KS take County Road #811 six miles north, then 1/4 mile east on a dirt road. It's on the south side of the road, fenced, and neglected.

A deed was recorded at the Harvey County Courthouse on the 30th of September 1893, A. D. H. Kemper & wife to the Trustees of the Central Cemetery Association for the sum of \$1.00. Some years ago the 4-H children cleaned out the brush, erected the fence and re-installed the gate.

Mrs. Ruby Stein who lives just west of the cemetery, told me the oldest Chapple daughter said there were many wooden markers in the cemetery when she was a child, thus today there are probably many unmarked graves. Dr. Kemper was a homeopathic physician. He had maples trees he tapped for syrup, and hot beds where he raised medicinal plants. He told children the hot beds were also where he raised the babies he delivered.

WILSON CEMETERY

According to a special edition on Thursday, October 15, 1933 honoring the winners, the WILSONS HISTORICAL stated the first cemetery in the town of Wilson was started on across the tracks directly east of the Standard Oil building. An individual was who was buried there in 1870. This was a few years before the city was laid out. Most of the deaths were due to gas which was very common in the early days of the city. Although there was a few graves set on the hill, and were buried under 10 tons. The cemetery was abandoned for the present Wilson Cemetery located one mile east of Wilson on 12th Street (between 1/2, Section 34, T-1 West). The land containing the first cemetery was given to Mr. Frank Smith on the condition that he would move the graves. Mr. Smith moved all the graves that had markers.

HILLSIDE CEMETERY

According to a special edition on Thursday, October 19, 1939 honoring the pioneers, the SEDGWICK PANTAGRAPH stated the first cemetery in the town of Sedgwick was staked off across the tracks directly east of the Standard Bulk Station. An unknown man who was shot was buried there in 1870. This was Sedgwick's first funeral. Most of the early deaths were due to gun duels which were common in the early days of Kansas history. Although there were a few burials out on the hill, most were buried closer to town. The cemetery was abandoned for the present Hillside Cemetery located one mile east of Sedgwick on 125th Street (Southeast 1/4, Section 34, 24-1 West). The land containing the first cemetery was given to Mr. Frank Smith on the condition he would move the graves. Mr. Smith moved all the graves that had markers.

The burials are indexed alphabetically with the block, lot, and grave number following the name. Following the index, the burials are listed by Block, Lot, and Grave number.
