INTRODUCTION

RURAL AND SMALL TOWN CEMETERIES OF THE SOUTHERN HALF OF MONTGOMERY COUNTY, KANSAS

These records have been collected over a period of time extending from 1958 to 1981. Some of these stones are no longer legible. It may be profitable to check the initial letters where they might be confused such as B, P, R since many of the names are no longer known in the communities today.

Cemeteries in the towns of Coffeyville, Independence, Cherryvale and Caney have not been copied since the cities have records. However some of these records have been lost or destroyed by fire. This organization, The Montgomery County Genealogical Society, hopes to copy them in the future. They will fill at least two volumes.

Many people over many years have worked on these records and our organization can take no responsibility for the accuracy of these records. We have simply done our best. Also many, so many, early pioneer burials and even later ones were marked with a sandstone rock or by a clump of iris, roses or a tree.

These inscriptions have been published in our little quarterly "The Descender," but we hope that they will be more useful offered as a separate volume.

Montgomery county is on the southern border of Kansas touching Oklahoma, and about eighty miles west of the Missouri line. It is about twenty-five by twenty-five miles in area. It was first opened to legal settlement in 1867 but the legal battle was not settled until 1869 when the Osage Indians withdrew into present day Oklahoma.

JOSEPHAT CEMETERY

Located on north side of Oklahoma state line road in a field east of house owned by C. G. Miller. Tall weeds cover the area, but most of the stones have been mended at some time. Eight stones

South side, starting east row (Cemetery appears to consist of 2 rows)

BURNS, Joseph M. -- 1846 --- -- 1893
 (Has 2 corner type stones, one 6 ft north of large stone & another directly east of it, probably plot markers - stone 18" x 24")

KEENCE, Elbert M. -- 1888 --- -- 1889
 Top of stone has name: ELBERT M.
 (son of J. E. & Anna M. Keence --lots of broken pieces in same area, but no sign of other graves)

POWERS, Mary -- 1877 --- -- 1901
 (dau. of Catherine Powers - small upright 12x14 marked with leaning cross & leaves)

Small upright stone marked with W. F. on top corners. No other markings.

OSTDICKENBURG, Maria A. 29 Oct 1820 --- 17 Oct 1886
 (Tall slender stone with upright cross on top)
 (In memory of Maria A. Ostdickenburg, N E Kerhoff died in Coffeyville Kansas.)

Writing on south side of stone.
 O God look down and hear our prayer from Realms above
 Show us a sisters care a mothers love
 Be near us all through strife
 Till in eternal life, free from sin,
 In Heaven we arrive.
 May earth be light to her
 Eternal rest grant her O, Lord.

Behind this stone are six broken pieces of stones which do not appear to be of one stone; possibly three different ones. One piece is marked with the letters J.B.O; another is possibly a corner of a stone with parts of letters on it. The only legible figures are 60.

OSTDICKENBURG, John B. 17 Aug 1856 --- 14 Nov 1886
 (born at Beckum in Westphalia, Germany, died in Coffeyville, KS)
 Same type stone as one above stating "Here Resteth" then name

South side of stone:
 Glory be to Jesus who in bitter pains
 Poured for me his lifeblood from his sacred veins
 Grace and life eternal in that blood I find
 Blest be his compassion infinitely kind may rest in peace.

SCHOCKMAN, Bernard H. -- ---- --- 17 Jan 1884

(INRI on cross on angelican type cross aged 68 yr)

On base of stone is written:

Sleep on deat father and take the rest

God called thee home He thought it best

There is a cluster of three oak trees behind these three large stones and the stones are close together.

FERAN, Winifred -- Mar 1897 --- +- May 1897

(dau. of James & Jennie Feran - small upright stone)

About two feet north of this stone is a broken piece with no markings, but is of headstone material, so possibly part of a stone

At extreme north end of the cemetery are three tall pine or cedar trees with a shale rock border. This appears to be a family plot 20' X 14', but has no stones.

The only stone on west side row is directly in front of Schockmann and Ostdickenburg stones. It is tall with cross on top marked with IHS

SCHOCKMAN, Bernard H. 15 Apr 1852 --- 01 Nov 1894

(born in Enniger, German)

KALLOCH CEMETERY

One of the early cemeteries of Montgomery County, Kansas, Kalloch Cemetery is located on the west side of the highway US 169, 2.2 miles north from the Verdigris River bridge at Coffeyville.

This cemetery is fenced on three sides and the grounds are well maintained. There are several unmarked native stones in addition to those recorded below.

The cemetery is located about one mile east of the site of Kalloch Station, an early day train stop and livestock loading pens located on the Atchison, Topeka and the Santa Fe Railroad, formally known as the Leavenworth, Lawrence and Galveston line. Kalloch Station was located adjacent to the town platted as Talley Springs. The actual spring can be found just south of the cemetery on Clymore (Clymore) Creek.

The first marked grave in the Liberty cemetery belongs to George E. ...
 who was buried there in 1850. There could be others, but none of them
 and none with a marker. The oldest person (meaning the one who lived the
 longest before being buried) in the cemetery is Rebecca ...
 105 years of age at death. A Mrs. Adams who was born in 1825 ...
 there at age 92 years, one month and twenty-two days in 1900.

LIBERTY, KANSAS

In 1871 the construction of the L. L. & G. Railway across the east side of Montgomery County caused the removal of the village of Liberty, houses, name and everything to a site three miles southeast, where the present city is located.

THE LIBERTY CEMETERY was owned by Dan McTaggart. It consists of seven and one-half acres of ground. In 1921 and 1923 the heirs of Dan McTaggart gave the land which is Liberty Cemetery to the city of Liberty provided they maintain it and not over-charge on the lots; they felt the same charge they were using should be continued, and it has to this day; one-half lot is still \$5.00 and a full lot is \$10.00.

The first marked grave in the Liberty cemetery belongs to George E. Huston who was buried there in 1869. There could be others, but none of record and none with a marker. The oldest person (meaning the one who lived the longest before death) buried in the cemetery is Rebecca Livingston who was 102 years of age at death. A Mrs. Adkins who was born in 1802 is buried there at age 99 years, one month and twenty-two days in 1895.

ROBBINS CEMETERY

This is a pioneer cemetery which is still in use. It is on old U.S. Highway 166 west of Coffeyville, Kansas, in Montgomery County, Fawn Creek Township. Legal description: Section 36, Range 15E, Township 35S. To reach this cemetery go west on U.S. 166 about five miles, turn south one-fourth mile at the Dearing road to the old highway, then turn west one-half mile to the cemetery. The name Robbins was once spelled Robins.

There are many graves here that have no markers but a list of pioneer lot owners does exist. Some markers are illegible, others have plain white slab markers with only initials on or no marking at all. Many have only funeral home markers on which the information is now gone, no other marking of these graves has been made. The oldest legible stone found is that of John W. SPEAKE, born 22 Dec 1853, died 06 Feb 1872

This cemetery was copied by members of the Montgomery County Genealogical Society, but mostly by Miss Kathreen Norfleet and Mrs. Mildred London.
