POTPOURRI

Since this is the first month of a new year it is time to sort of take stock. Now that the holiday rush and company and too much food has come and gone its time to get back to searching. I will help anyone who has gotten stuck or forgotten their original lessons from the beginners classes. Just call me and we will get together on where to go now looking for relatives.

Also it is time to start thinking about what you are doing for the Society. Just paying dues is not enough. We all do that but too few of us are giving our time. There are jobs requiring no more than the ability to scotch tape clippings into the books for our hardworking archivist Faye Chamberlain. She enters all the pertinent information, all you have to do is know your alphabet or at least be patient enough to plow thru the notebooks til a letter looks familiar. Jack and Mary Ida Grubb (and he's not even a member) have spent untold hours recording the census for 1880 in Wilson Co. They could use some help. There are forms to fill from the census that makes it very simple to do. Poor Jack is a bridge fiend and invited Flossie Scofield over the other night, not knowing that she would bring our Betty Crocker coupons and set them to counting and trimming those little goodies. (Don't forget to bring yours in.) We still have tons of the old newspaper clippings to cut and paste in notebooks on research. Have you filled in the ancestor charts for our files and for the Wilson Co. Historical Society? Also, last but not by any means least, yours truly could use some help on the quarterly and with the assembling. If you can only give time in the evenings, the library is open til 8 P.M. in the winter, if you can come on Sat. night or on Sunday, let us know, we'll make arrangements for that too. So now what's your excuse? I've heard that one, try again.

GOOD NEWS!! The 1900 Census is open to the public!! At last. There are a few drawbacks, such as you have to go to Washington D. C. or hire someone to look for you. They aren't advanced enough yet to look it up for us like they do on the others and send us a photostat but look at it from a practical standpoint. The regular photo costs \$2.00. The 1900 used to cost \$5.00 from Pittsburgh Ks and you had to send all the proof that you were a direct descendant plus all you got was the info. on one name, that meant one line from the census listing. A good researcher costs from \$3.00 to \$5.00 per hour and should be able to do one name in an hour with no trouble if you know where the family was. The Soundex is available so you can find that with relative ease. No researcher is going to charge less than the fee for one hour, even tho it takes him less time. The names of researchers is available from the government archives and also they are listed in the Everton's Genealogical Helper. In time, they will probably be able to send them out to Federal Record Centers and we will be able to borrow them as we do the others but don't hold your breath cause it will be far in the future.

RESEARCH

As an aid to members we will have a Research Section. Members who have genealogy books of their own will do limited free research from their own books for other members. New additions now available are:

History of the American Indian-James Adair (some gen. on Adairs)
Alley-Osborne Genealogy
Early New England Gravestone Rubbings - Gillon
Boot Hill - Lambert Florin
Over Their Dead Bodies - Mann & Greene
Sudden and Awful - Mann & Greene
A Gen. Register of the First Settlers of New England - Farmer

To take advantage of this service, available only to members, send your request to the Society along with SASE and it will be forwarded to the member owning the books. If you have books and would be able to participate in researching, let us know what you have available for future publications.
