No stones were found for the following, although other information indicates they were buried in this cemetery.

DUFFY children of D.P. & \_\_\_\_\_(Weir) Duffy

These vererans are listed in the Greenfield Vedette listing of Soldier Dead, and not listed the same here:

Elevins, John Civ Con

Burnett, Lavandar Civ Fed

Clayton, Sam Civ Fed

We have endeavored to make the indexes as usable as possible. At first we tried to list every name that appeared in the text of the cemetery records, but this made the index too clumsy with repetitions. Now we are listing just the names of persons buried in this cemetery. We do not try to index parent's names, although they may appear in the text. Since the majority of tracing done with these records will be from the present to the past this should be no handicap. You may get the pleasant surprise of finding not only grandma but her parent's names also, including the maiden name of her mother. This might appear for only one child in the family. So if you are interested in the Tindill family, for instance, read all entries under that name. As part of this, women are indexed under their maiden name and each married name. Thus, Cordelia Jane (Harris) King Collins will be found in the index as:

(Harris), Cordelia Collins  
King, Cordelia \*  
Collins, Cordelia J

\* indicates a married name that will require a careful reading since this was not the name on her tombstone.
