 DADE COUNTY, MISSOURI

Location: R 26, T 30, Sect. 18
 Washington Township, Dade Co.

Information from the tombstones of this cemetery was copied by Wealtha Scott, with the help of her family. Additional information came from the cemetery record book compiled by Perrine Owen and continued by Mr. & Mrs. Truman Allison. Mr. & Mrs. Allison contributed additional information from their personal knowledge. Other information came from the files of legal records and newspaper clippings checked by Z. Hazel Yates and Wealtha Scott.

This is part of a continuing effort to copy all Dade County cemeteries.

PENNSBORO CEMETERY

The following records of Pennsboro Cemetery have been in progress for a long time. Their publication has been long promised. We have found, in working with historical records that there never comes a time when we are satisfied with the accuracy or completeness of what we have--yet the time and effort involved in further searching and rechecking are not justified by the information that might be obtained. So it is with this book.

The oldest burials indicated on the tombstones here are those of four members of the Hudspeth family, with the earliest death date 1844. The earliest birthdate is David Hudspeth in 1777, with Martha E. Faires, Solomon Forshey, Giles Hudspeth, Henry Sater, D. W. Scott, William Snadon and Jane Snadon coming before 1800.

I volunteered to copy the tombstones in Pennsboro Cemetery with no apprehension about my ability to get it done. There came a need for surgery when I was part way through and complications stretched recovery time. When I got back to it, many of the questions that I would have rechecked had been lost. So I have more than the usual apprehensions that you will find more mistakes in this book than I want to accept responsibility for. I hope you will be forgiving.

The job of listing this cemetery was made easier by the cooperation of Truman and Blanche Allison. They shared with me the available records of the cemetery including the lot plan. Then after I had exhausted the other resources available, they gave many family relationships from their knowledge of the people and the neighborhood.

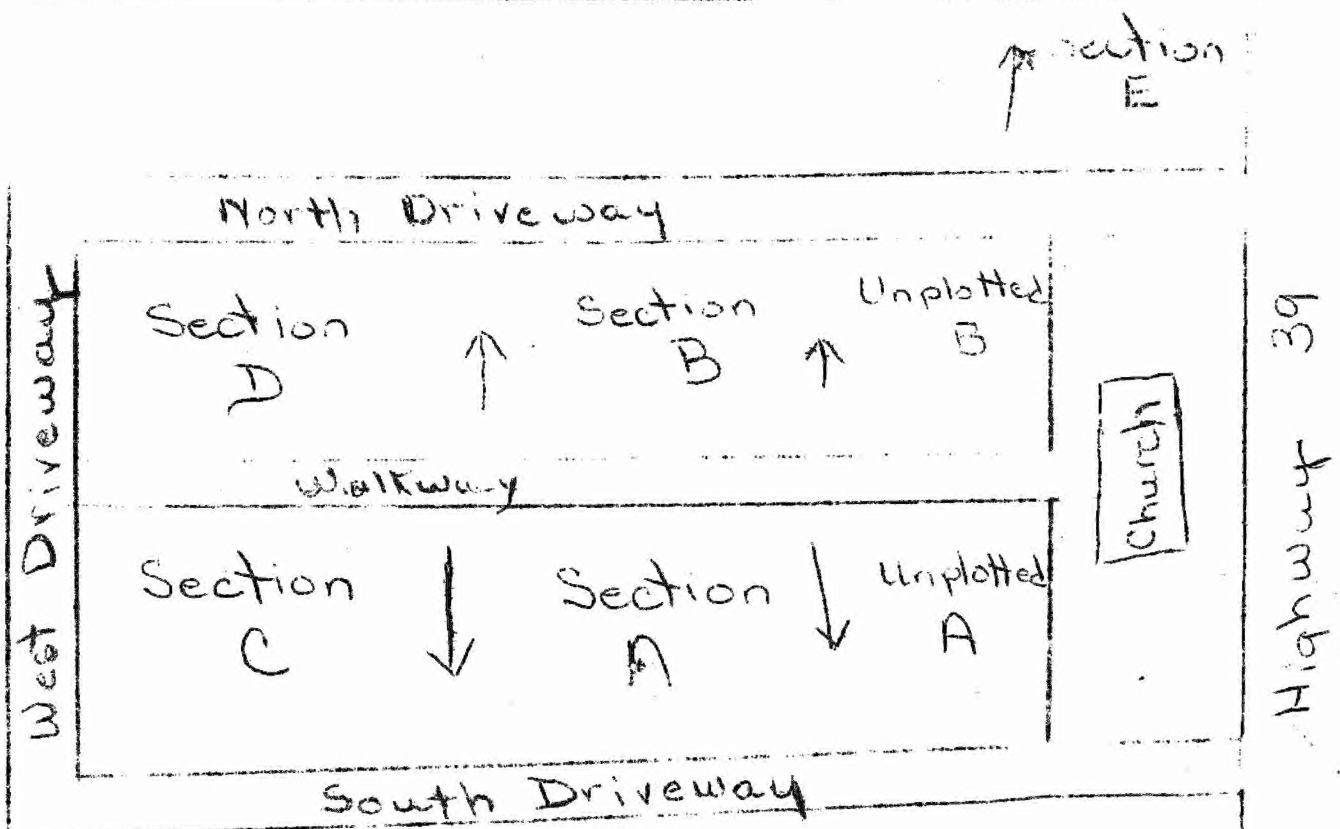

My husband George and sons Don and James (and his wife Jackie) have helped; not because they were especially interested in getting down on their hands and knees and cleaning old tombstones, but just because I needed help. I very much appreciate their tolerance of my hobby.

There are many funeral home markers in the cemetery, too old to read yet obviously marking places of burial. There are also a number of native stones and there are also probably some grave sites not marked at all. We hope that the publication of this much information will lead to the accumulation of more. It is hoped that a sheet of corrections and additions can be issued at some time in the future; so we request your help. If you find an error or if you can supply information about someone we missed or if you can add information about family relationships that we do not have, we would appreciate it. We have added to the bare facts on the tombstone, such additional information as we were able. If you can make additions and will share the information with Mrs. Bill (Hazel) Yates or myself, we will incorporate it into later publications.

Pennsboro Church and Cemetery are located on Highway 39 at a point about midway between Greenfield and Miller, near the southern edge of Dade County. The church at the present time is used as a community gathering place and for special services (funerals, Memorial Day, etc.).

The above sketch gives the general layout of the cemetery. The two sections directly behind the church (shown as Unplotted A and Unplotted B) were not laid out in lots. The other five sections have been planned by lots. The sections in A, B, C, and D contained 8 lots each--2 rows of four graves. Section E has been planned in lots of 4 grave each in one row.

This listing was made by walking the rows in the main part of the cemetery from the center walkway. Sections A and C were walked from the center walkway to the south road. Sections B and D were walked from the center walkway to the north road. Section E was walked from the roadway to the north edge. These are indicated in the above sketch by arrows.

INFORMATION UNDERLINED ON THE FOLLOWING PAGES IS THE INFORMATION FOUND ON THE TOMBSTONE. ALL OTHER INFORMATION HAS BEEN ADDED FROM OTHER SOURCES.

Andrew D. HUDSPETH 8 Jan 1809 - 16 Jun 1884. Masonic Emblem.
First wife was Nancy (d 1848). 2nd, Amanda.

From the Dade County Advocate, 26 June 1884:

Andrew D. Hudspeth died June 16, aged 75 years. Mr. Hudspeth came to this county at an early day and soon became identified with its interests. He was elected Probate Judge soon and afterwards served as Sheriff two terms in succession, during which time he officiated at the execution of the black man, Pete, who was hung for the murder of his master and mistress, the first and only time but one the extreme penalty of the law has been enforced in the county. He was a fond father to his children, and a loving husband to his wife, who are left to mourn under their great bereavement--Thus has closed the busy life of an honest man and a good citizen.

INDEX TO BURIALS IN PENNSBORO CEMETERY

Abbreviations have been held to a minimum in these records. Women are listed under both their maiden and married names when possible. The only unusual marking is the use of "1974" to indicate the absence of a death date -- because the person was living in May 1974. Only the burial records are indexed. You may find more information in the text.
