The Stockton Family Cemetery is located on the farm now owned by Mr. and Mrs. Austin B. Bowman located between Greenfield and Everton, Dade County, Missouri. The land for this cemetery was donated from the Henry Hoover place, and Johnnie "Gib" Stockton gave land for a roadway and parking. It is the S W 1/4 S W 1/4 (less 1/2 a. corner) of T31N - R25W, Section 19, Polk Township.

Clayton Stockton was the patriarch of this branch of the Stockton family who came to Missouri circa 1833. Both he and his wife, Nancy (Patton) Stockton were born in New Jersey. They moved to Stokes County, North Carolina, in 1784, and were married in that county in 1797. They lived in the state of Virginia until approximately 1800, after which they moved to Wayne County, Kentucky where they remained for some twenty years. They were residents of Rhea County, Tennessee, by 1820, and lived there until their move to Missouri. They first lived in Polk County and later in Dade County where they lived out their lives. Their known children were:

Stockton, Lydia m. William WAN	27 Jun 1791 - 11 Feb 1862
Stockton, Daniel M. m. Sarah McGOWAN	5 Jul 1793 - 28 Dec 1855
Stockton, James S. m. Martha BECK	17 Sep 1795 - 4 Aug 1885
Stockton, Hannah (no further information)	13 Mar 1798 - Oct 1831
Stockton, Mary Elizabeth m. Hiram GIBSON	27 Apr 1800 - 1864
Stockton, Jonathan	29 Jul 1802 - 1 Nov 1811
Stockton, Jane m. James A. Hughes	9 Jan 1805 -
Stockton, David D. m. Mary Lavina HALL	30 July 1807 - 4 Oct 1872
Stockton, Isaac D. m. Hulda SMITH	15 Oct 1809 - 7 Feb 1858
Stockton, John m. Louiza/Eliza SMITH	22 May 1812 - 10 Apr 1864
Stockton, Thomas Patton m. Martha Emeline BOGGESS	15 July 1815 - d. in Texas

(Some family members believe there was another child named Sarah Stockton who married a Henry Wann, but I'm personally of the opinion this is an error since no records have been located, nor was her name and birth given on the list I received from Floyd Davis. VWS)

Clayton Stockton was called "Toddy Grandpap". Family legend states that he had his coffin made several years prior to his death and it was stored in the attic of his home. When the family was away the children would sneak into the attic and sit on it. It is said that Clayton gained in size after the coffin was made and after his death it was difficult to fit him into it.

The following is a list of those buried in the Stockton Family Cemetery with their line of descent given in parenthesis from Clayton Stockton. The survey of graves was made by Mrs. Frances Stockton Brown of Greenfield, Missouri. Many of the graves do not have tombstones, so dates have been supplied from our research files.

If there is anyone who can offer further data on any descendant of Clayton Stockton, please contact either of the following:
