# HOW TO READ YOUR DIRECTORY

Rural residents names are listed alphabetically by last name, followed by first name or initial, post office address, route number and name of township -- then comes the section number and "O" or "R" for owner or renter.

Following is an example of the method used:

Abbot Harold Brow. 2 Ent. 18 O  
 (Last Name) (First Name) (P.O. Address) (Route No.) (Township) (Section No.) (O or R)

**please  
listen  
BEFORE  
you  
dig**

*There may  
be people  
talking  
down there!*

Farfetched? Certainly. But, we're sure you dig the idea.

There may be an underground telephone cable smack in the middle of the spot where you're planning to dig.

And, if you damage one of our cables there can be serious consequences, for both you and us. Neither of us needs unfavorable public reaction . . . expense . . . or, most important, interruption of vital emergency communications.

Won't you do your share to help eliminate dangerous and costly cable damage? Before you dig . . . call the nearest Grand River Telephone Business Office. We will check out the location and let you know where our cables are - if any.

*Dig our idea? Thanks!*
