LER COUNTY, MISSOURI

# TOMBSTONE INSCRIPTIONS

JIM HENRY  
TOWNSHIP

Donated by Mary E. Brown  
Surnames: Witt & Kelley

In October of 1971, Carl G. Kelsay of Rocky Mount, Missouri; Stephens M. Barnhouse (now serving in the United States Army); and August F. Barnhouse of Eldon, Missouri, completed the inventory of the headstones in one Miller County cemetery. In spite of cold-cramped fingers and chattering teeth, we three pledged to each other that we would inventory, alphabetize, index, specifically locate, and print inventories of every tombstone in every known cemetery that we could find in Miller County, Missouri.

We are now in our second year of this self-appointed task. During the one thousand plus man-hours we have expended on this task, we have been rained on, snowed on, sleeted on, and hailed on. We have been extremely cold and extremely hot during this, our labor of love. We have enjoyed working in well-kept cemeteries--and we have kept a wary eye out for copperheads in poorly kept ones.

There are a total of seven townships in Miller County. We have thus divided the 137 cemeteries (and over 400 pages of information) into seven books--each book containing one township. The combined seven books contain a listing of over 14,000 headstones. Only 64 cemeteries were already located for us on maps. With the help of many individuals, we have located an additional 73.

In each individual cemetery, surnames are alphabetized. The cemeteries in each township are placed in alphabetic order. The surnames are indexed for easy reference to specific cemeteries. We made every effort to determine the true name of each cemetery. Where diligent effort was to no avail, we named cemeteries by the name attached to the first burial therein or to the predominant families buried therein. Every effort was made to insure the accuracy of the names and dates copied from the headstones. Wire brushes and chalk were used, and return trips to cemeteries to re-check information was not uncommon. We herewith apologize for any mistakes made.

Some cemeteries had already been inventoried by Ilene Sims Yarnell of Versailles, Missouri and by Gwendolyn Gunn Shoemaker of Eldon, Missouri. These were copied and printed with notation made on individual cemeteries.

Carl G. Kelsay was a compiler and alphabetizer. August Barnhouse was compiler, typist and printer. During the long task, a warm and beautiful friendship has flowered.

As each of the seven townships are completed, a copy of that township's cemeteries and headstones is being presented to the Missouri State Historical Society for both use and preservation. The Society has its reference library at Lowry at Hitt Streets, Columbia, Mo.

This is our gift to the present--and to the future. We rejoice at its completion.

Page 9:

In 1807, the first White man settled in what is now Miller county. William West, from Kentucky, established a home in the very heart of an area inhabited by the Osage Indians. He erected a log cabin on the Big Tavern creek where it is now crossed by Highway 52, northeast of St. Elizabeth.

William West and his wife moved from Miller county in 1811. Before leaving they buried their infant son, Thomas, beside the Big Tavern creek.
