## PREFACE

Book B is a record of 1,128 marriages recorded in Miller County, Missouri, from August 1869 to and including a part of 1881.

This Index to Book B lists the original page number, name of the groom and bride, date of marriage, and name of officiant. Entries are arranged with the name of the groom alphabetical. It is assumed that all were residents of Miller County unless otherwise stated.

A Bride Index (called female index) appears in the back of this book. The order of listing is maiden name, given name, and her married name in capital letters. This index is alphabetized and arranged by the bride's maiden name.

Certified copies of marriages are available, for a fee, from the Office of the Circuit Clerk and Recorder, Courthouse Building, Tuscumbia, Missouri, 65082.

An effort was made to copy each name and other information as it appears to this compiler, who is certain that different spellings will be found for the same name and that errors will occur. This is due to the difficulty in reading early styles of penmanship and to the spelling used by those recording the information. Also, identical names may appear more than once, making it necessary to check the entire list and to compare names and dates for the record in question.

A page of explanations for abbreviations used in this work is included.
