## TABLE OF CONTENTS

RECORD OF BIRTHS (There is no Page 25) PAGES 1 - 38

This listing provides a specific reference to the page number in the record of births where the birth is recorded. Each birth is alphabetized by the father's surname, then the name of the child (or male or female designation), and birthdate. This is followed by the fathers' name and the mothers' name; ages; and in a number of instances where the parents were born.

FEMALE INDEX PAGE 1 - 5

This is an alphabetized listing of all mothers by their maiden surname, followed by the given name and then by their married surname. If you know the mothers' name, i.e. Eliza Foote, you will find FOOTE, Eliza Stephens. Go to the Stephens in Record of Births and you will find information of birth.

RECORD OF DEATHS PAGE 1 - 8
