LAND GRANT CERTIFICATES  
MORGAN COUNTY, MISSOURI  
BOOK ONE

Morgan County, Missouri, was erected 5 January 1833. The earliest date of record in this book is 10 February 1831. The last date of record is 10 May 1948.

Many pioneers recorded the land grant certificates only in Washington, D. C. As clear titles were needed for transfer of property, abstract offices would write to Washington, D. C. When these were returned and recorded in the counties, the book and page number were recorded on the back of the certificate. This explains why one finds patents through both old and new records. Some pieces of property in the county are still in the original family and have never been recorded in the county.

Since I have copied this material, I would like to make a list of my great grandfather's land that he homesteaded, as they were never recorded in the county seat.

Peter Newkirk and his wife Mary "Polly" Brown, came to Missouri about 1836 from Bullitt County, Kentucky. Peter had come prior to his marriage as early as 1834. He saw a great promise and expansion in the new state of Missouri and took advantage of the opportunity to acquire property. He entered choice land, as did many other pioneers.

The following is a list of original land grant certificates:

Page Vol. Cert. #	Issued To Description Signed by	Date

19388 John Tyler, President

10 Nov 1841

The oldest certificate I found was on an abstract where Peter Newkirk sold land to James D. Thixton in 1837. Thixton was from Bullit County, Kentucky:

Book 2 Page 140 Entered land 14 July 1834. Certificate number 7406, Volume 15, Page 383 for Section 26 Township 44N Range 17W.

The home place of Peter Newkirk was a log house, built like a fort with small peep holes on all sides. The bushwhackers burned it in 1864 during the Civil War.

Book 2 Page 219 Robert Morris sold to Peter Newkirk 80 acres N2 SE 24-44-17 on 10 July 1835.

In the Plat Book of Morgan County, Missouri, Peter Newkirk is listed:

3 May 1847 Number 26624  
13 Mar 1849 Number 26624  
10 Sep 1847 Number 26846

When Moniteau County became a county, all the above land was in Moniteau County (1845).

Copied by Omega Charles Hutchison, the great granddaughter of Peter Newkirk.
