LAND GRANT CERTIFICATES
MORGAN COUNTY, MISSOURI

BOOK TWO

The earliest date of record in this book is 2 April 1829. The latest date of record is 6 October 1921.

Many pioneers recorded the land grant certificates only in Washington, D. C. As clear titles were needed for transfer of property, abstract offices would write to Washington, D. C. When these were returned and recorded in the counties, the book and page number were recorded on the back of the certificate. Some pieces of property in the county are still in the original family and have never been recorded in the county.

While we were most diligent in the reading of the original record, the printing and proof-reading of same, we herewith apologize for any errors that we might have made.

Book Two contains 473 parcels or tracts of land. It contains 407 surnames which include 15 military grants; 10 co-owners; and 9 assignees.

The record was copied by Omega Charles Hutchison, 207 South Fisher, Versailles, Mo. She is a knowledgable historian and genealogist of Morgan County and its people.

The record was privately printed by August F. Barnhouse, Box 387, Eldon, Mo., 65026 and Carl Gibson Kelsay, Rocky Mount, Missouri, 65072.
