## Introduction

Perry County, Missouri, is located on the Mississippi River between the Counties of Ste. Genevieve and Cape Girardeau, two of the oldest settlements in the State. The County Court of Perry County was organized at the house of Bede Moore on 21 May 1821, and three townships were formed - Brazeau included the territory between Cinque Homme and Apple Creek, Bois Brule embraced the northeast part of the county, and Cinque Homme included the remainder of the County.

The earliest book of marriage records now available at the courthouse was begun in 1825. Any earlier marriage book has been lost or destroyed. The 602 marriages here presented were transcribed from a microfilm copy of the original Book "A" (1825-1841), filmed by the compiler in the Office of the Recorder in Perry County Courthouse at Perryville, Missouri. While this publication contains fewer marriages than previous books of this series, there is a wealth of data given in the entries. All information of genealogical interest has been abstracted from the records.

The marriages are indexed according to the groom, and the name of the bride is also given. Judging from the script and the orderly arrangement, it appears that the index was prepared several years after the original entries were made. The names of the parents are given in most of the marriages performed by ministers, and often the mother-of-the-groom, the first female name to appear in the entry, is incorrectly indexed as the bride. In some instances the name shown in the index does not seem to agree with that given in the marriage entry. Where that occurs, the index version is placed in brackets. The compiler has tried to copy the names exactly as they are spelled in the original register, making no changes, even though it is obvious that many of the names were misspelled. If the reader is in doubt about the rendition of a name, it is suggested that she go to the original book. The researcher should consider all possible spellings of a name. Often it is almost impossible to tell an "o" from an "a", an "e" from "i", a "J" from "I", and "S" from "L", etc.

A "Key" to the names of the ministers and officials who performed the ceremonies will be found in this book, beginning on page 44. The names are listed alphabetically and will not appear in the surname index that follows.

The pen drawings used in this book are the work of William A. Guyselman, Recorder of Macon County, Missouri, 1860-1870, and are included in Marriage Book "E" of Macon County.
