HISTORY OF SILOAM CHURCH AND CEMETERY

On the 4th Saturday in April 1834, the site chosen for the first Siloam Church was on ground owned by James Moore, an acre of which he had set aside for this purpose. A building of log, 40 feet by 30 feet and eight logs high, was completed on October 6, 1835. There is no record of a cemetery being set aside with this church. A disagreement between members of the congregation arose so the keys to the building were turned over to James Moore on February 4, 1842.

The next site chosen for the church was on the land of Elisha P. Lewis on March 4, 1843. Again, a building was erected and a cemetery was located on this land, but both the building and cemetery have been destroyed. Only one stone is visible where the cemetery once existed.

The present house of worship, pictured above, was built in 1868. This building still stands and is occasionally used for services. A cemetery was laid out and the first burial was that of Mary Matilda, nee Culwell, Branstetter on June 30, 1872. Complete and accurate records of burials in this cemetery were not kept so there are numerous unmarked graves which have not been identified.

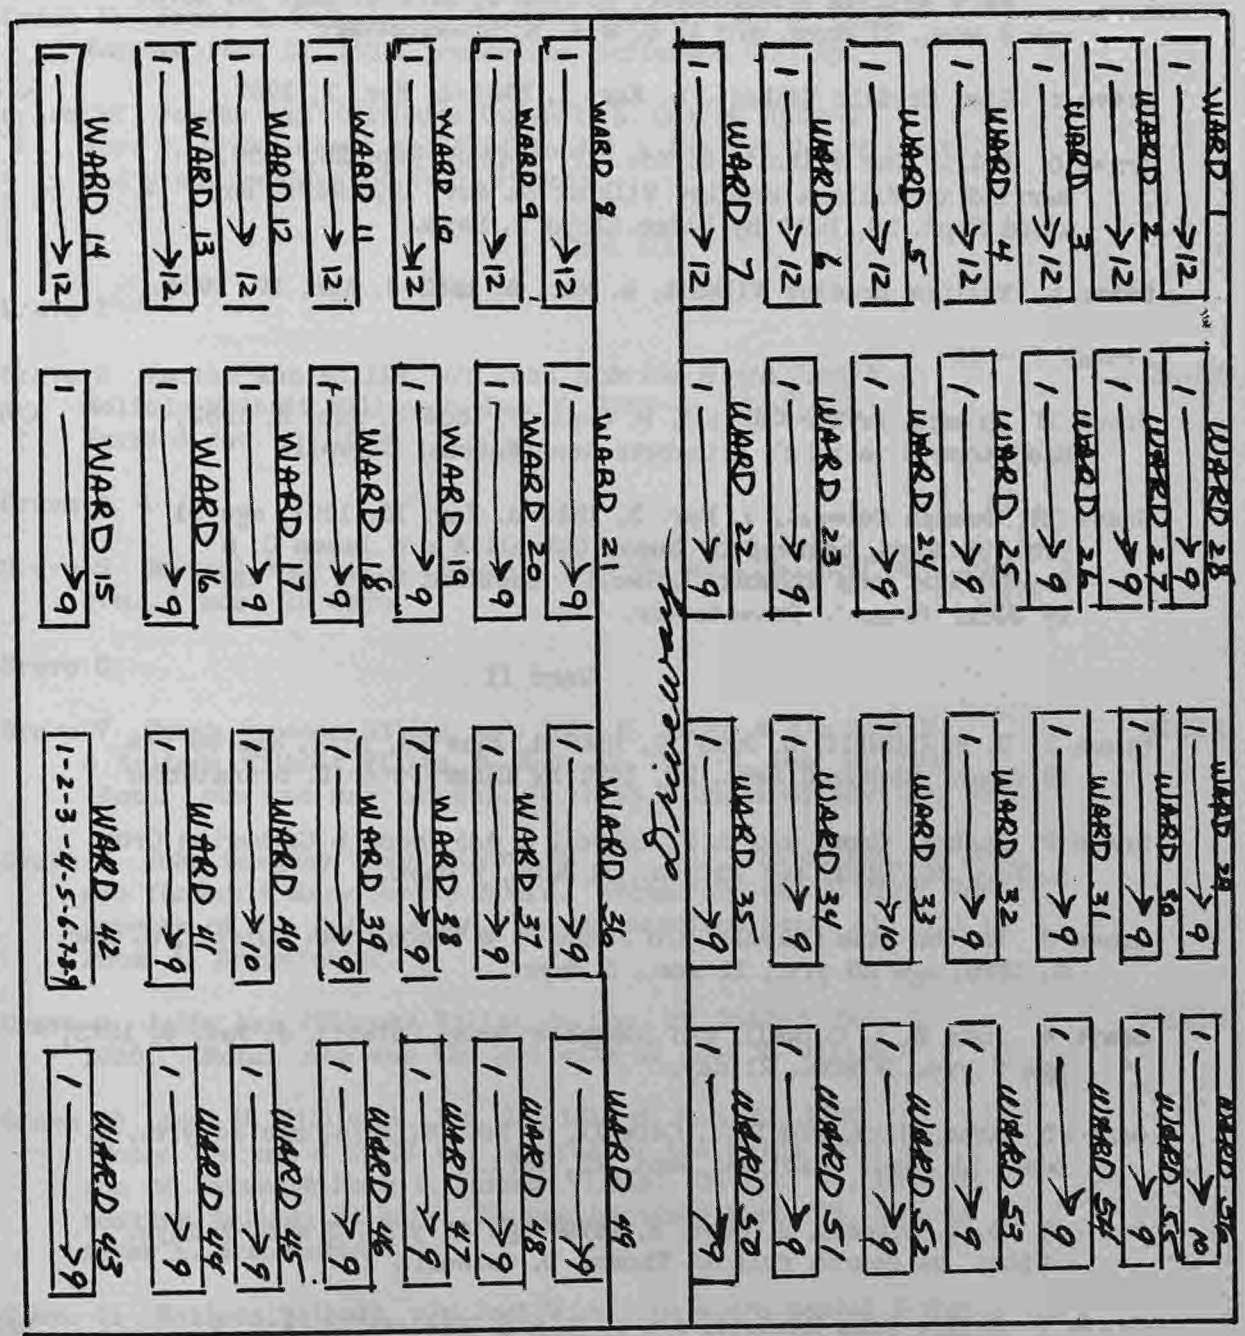

Siloam Cemetery is located in Ashley Township, T.52N.-R.3W., Section 30, Pike County, Missouri. This listing of graves in the cemetery has been prepared from grave markers, newspapers, Bible registers, and church & census records. All of the sources available to the recorders were used in order to make this record as complete as possible.

The plot arrangement of the cemetery is given on the following page. The starting point is the northeast corner of the cemetery. The first row of wards

runs west to the west fence, then east in the second row to the east fence and then west again in the third row until the entire cemetery is filled in this manner. The individual grave arrangement in each ward is the same, starting with grave 1 in the north end of each ward and moving south to the end of the ward which is grave 10. The plot arrangement follows.

ST. CLEMENT CEMETERY

St. Clement Cemetery is located just south of the community of St. Clement and, if traveling south, on the left side of Highway 161. It is located in Survey 1713, Ashley Township, T.52N.-R.3W. These deaths were copied from St. Clement Parish records. Some of the dates may not correspond with dates of death in family records since some Parish priests recorded funeral dates rather than the actual date of death.

Since St. Clement Parish has no records available for the period of 1950 through 1955, the deaths that are recorded here were taken from funeral home records. Parents names were found in Baptismal records as well as from hundreds of obituaries taken from local newspapers.

Spellings of surnames vary within the same family group. Some people used their middle name as their given name. The names that are included in this record, however, are the names with which they were baptized.
