GENEALOGICAL SOCIETY  
OF THE CHURCH OF JESUS CHRIST  
OF LATTER-DAY SAINTS

Compiled by:  
Thurman Turpin  
Tom Turpin  
great, great grand sons of  
Josiah Turpin, the first  
white settler in Pulaski  
County

PREFACE

Recognizing that there is little or no information available of a genealogical nature in a useable form for Pulaski County, Missouri, an effort has been made to compile such information from the few records that are available. Unfortunately, most of the County records were destroyed when the court house burned. The report was "Pulaski County Court House destroyed by an Act of God- struck by lightning at 3 A.M. June 13, 1903." Insurance \$5000. Judges-Berry, Curtis, Harvey. The only records saved were those in the safe of the Probate Judge. These records were available from the time that the County was organized.

Pulaski County is located in the South Central part of the State approximately 175 miles from Kansas City, 125 miles from St. Louis, 90 miles from Springfield, and 60 miles from Jefferson City, Mo. Waynesville is the county seat. The total population at the time of the first U. S. Census for the county (1840) was 4196 In 1970 the population was 53781. Much of this growth has occurred since the location of Ft. Leonard Wood near Waynesville in 1942.

In the original territorial organization of Missouri, Pulaski County was a part of St. Louis County. In 1820, Gasconade County was formed from a portion of St. Louis County and included most of the present area of Pulaski County as well as Camden, Laclede, Maries, Miller, Texas and Wright Counties. On January 23, 1829, Crawford County was cut off from Gasconade County and included a goodly portion of the area which later made up the above counties. The first U. S. Census which included Pulaskians was that of Crawford County for 1830. The County of Pulaski was organized effective as of January 19, 1833 and received its name from Count Pulaski of Revolutionary fame. The County, as defined, included parts of Camden, Dallas, Maries, Miller, Phelps, Texas and Webster and all of Pulaski, Laclede, and Wright Counties. There have been many additions to and subtractions from the boundaries of the original county from time to time until finally confined to the area as we know it today.

Each of the above counties listed were created and the first U. S. Census records became available as of the following dates.

County	Created	Census
Camden	1841	1850
Dallas	1841	1850
Laclede	1849	1850
Maries	1855	1860
Miller	1837	1 840
Phelps	1857	1860
Pulaski	1833	1840
Texas	1837	1840
Webster	1855	1860
Wright	1841	1850

The first white settler, of which reliable information is obtainable, in the present limits of Pulaski County was Josiah Turpin. He came to the county and planted a crop in 1813. He migrated from Mercer Co., Kentucky, to Ohio Co., Kentucky, to Spencer Co., Indiana and finally to Pulaski County. He settled on land just North of the confluence of the Gasconade River and the Roubidoux Creek. Other early settlers included: Johnson, Dulla and Cullen from the state of Mississippi, Jesse Ballew, Henry Anderson and William Gillaspay from North Carolina, Eliza and Elisha Christeson, Isaac N. Davis, Cyrus Colley, Jephthah West, Jesse A. Rayl and Thomas Starke.

In the compilation of family data, we have attempted to list all members of a particular family as given in the record, the relationship if given, the source of the data and the pages of the record from which the data were taken. We have tried to retain the spelling of the names as shown in the particular record. However, we no doubt have made errors as there were many instances where we had difficulty readin the document.

The Probate Records were researched and information recorded from 1833 to about 1910. We were fortunate in having available a copy of a Pulaski County history which was published in 1889 containing considerable family information. We have abstracted family data from this publication and included the information. To the extent that the information was available, it has been listed in the following general format.

1. Upper left hand corner name of deceased or head of family
2. Upper right hand corner date of record if will or letter of administration.
3. Father's name (if from county history)
4. Mother's name (if from County history)
5. Wife's name
6. Children's names (shown as heirs if relationship not given)
7. Administrator, administratrix, executor, executrix
8. Witnesses
9. Lower left hand corner source(s) of information
10. Lower right hand corner date record filed

Abbreviations have been used as follows: b- born, m- married, F- father, M- mother, w- wife, ch- children, h- heirs, adm.- administrator, administratrix, ex.- executor, executrix, withn.- witness, p- page.

Abbreviations have been used to indicate the record from which data have been taken. They are shown in the lower ~~left~~ hand corner of each family record to indicate the source.

1. File of Wills & Other Papers-Old Papers (1833-1871)- ms
  2. Record Wills A (1832-1866).Indexed.- WB 1
  3. Will Record B (1875-1905). Indexed.- WRB
  4. Record of Wills C (1906-1925). Indexed.- WRC
  5. Records 1-2, Letters of Administration (1833-1852). Indexed.- LA, Labk 1
  6. Applications and Letters A (1871-1917). Indexed.- A&L, L&A
- Other records such as Journals, Guardians Bonds, Administrators Bonds, Inventories, Appraisals, Bills, Inventories & Sale Bills were examined, but not used as little of genealogical value was found in them.

Appreciation is expressed to Horace Robinson, Probate Judge and his assistant Dorothy Sears for their kindnesses and cooperation in making the records available.
