MISS AMARA ALEXANDER,
To Miss Amara Alexander is given the honor and distinction of being the first person to start the approved rural school movement in Schuyler County. Miss Alexander's excellent work, conclusively proves just how much can be accomplished by a persistent teacher bent on raising the standard of the ungraded school. Other schools have benefited greatly by adopting Miss Alexander's methods in raising the efficiency of the ungraded school. Miss Alexander received her teacher's training course at the First District Normal school of Kirksville, Mo. She also attended business college in Quincy, Ill.
