## I N T R O D U C T I O N

The records here presented are made from a microfilm copy, filmed by the compiler, in the Office of the Recorder in the Warren County Court House at Warrenton, Missouri.

The original Marriage Book "A" is missing and perhaps Book "B". Book "A" covering years 1833-1846 was copied into a new ledger at a later date. Page 127 of the register is blank except for the notation in the middle of the page "End of Marriage Book "A". The following page (128) serves as a title page for "Marriage Book B", covering the years 1846-1866. However, the compiler copied the marriages only through the year 1860. From the type and condition of the book, I believe that both "A" and "B" were copied some time after 1866.

The Clerk who recopied the marriages had a beautiful, legible script. He seemingly made no effort to change the spelling of the original names, and would occasionally underscore a name to let the reader understand that the error was not his mistake. We do not know the condition of the original books at that time, but it is apparent that he was faced with the problem of correct interpretation, since there are several known errors. An example of this is found on p. 27 of the register in which the name of "Rice" was interpreted as "Bier". (One minister is famous for his phonetic spelling of names.) The reader should check all possible spellings.

Once the new marriage books were completed, our scribe made an inverted index that coincided perfectly with his version of the names, and the original books were either lost or destroyed. The present Recorder has no knowledge of an earlier book.

All information of genealogical interest has been abstracted. It is assumed that the parties were "of age" and were residents of Warren County unless otherwise stated.

A "Key" to the names of Ministers and Justices who performed the ceremonies will be found in this book, beginning on page 61. The names are alphabetized and will not appear in the surname index that follows.

## WARREN COUNTY

Warren County was organized 5 January 1833, out of the surplus territory of Montgomery County. The first settlement within its limits was made by some French emigrants, who built a village at the mouth of Charrette Creek many years prior to 1800. In the spring of 1798, Daniel Boone, his son-in-law, Flanders Callaway, and Boone's daughter, Jemima, traveled by horse back from Kentucky and established Callaway's Post, located near Marthasville. A place called New Boston, on Charrette Creek was the first county seat; but in 1835 the town of Warrenton was laid out and established as the permanent seat of justice. At the first county court, held in May 1833 the following townships were formed: Charrette, Elkhorn, Pinckney, and Camp Branch.
