PREFACE

This book "Cemetery Records of Yellowstone County Montana" was started back in the summer of 1980 so has been four long years in the gathering and compiling of the data. Louise Erekson was the President of the Yellowstone Genealogy Forum when the project was started and it was continued through the Presidencies of Charles Harman, Sue Picard, and Sandra Collins. It has finally been completed during the Presidency of Billie Glover in 1984. Sue Picard and Sandra Collins shared the Chairmanship of this committee during the four years of work.

This book is by no means complete. We have checked some of the cemetery records after transcribing the cemeteries themselves but not all. In some cases we talked with local people to gather further information about the cemetery, we checked old newspapers and historical books for areas to gather data. We inserted items in local newspapers asking for information about area cemeteries and private cemeteries and asked people to inform us if they could be copied. We ask again anyone knowing of cemeteries in the county that are not in one of the two volumes published to please write: YELLOWSTONE GENEALOGY FORUM, % Parmlly Billings Library, 510 North Broadway, Billings, Montana 59101. We would hope to add them as a supplement to these two volumes.

Some of these cemeteries have been compiled for a long time and are not completely up to date. We have tried to copy all of the oldest of them as the newer ones are fairly well kept up and records are easily accessible. Volume I will contain all the cemeteries we gathered information on outside the City of Billings and Volume II will contain the city area. We note here that in Volume II we have no records for the Billings cemeteries of Smith Terrace Gardens Memorial Estates and Sunset Memorial Gardens, also Holy Cross was not transcribed except for those transferred from Calvary. These three cemeteries were not transcribed because they were started in the 1950's and records are fairly well kept and accurate. Also, in regards to the LARGE city cemetery of Mount-View, this cemetery was only transcribed up to the year 1940 because of the large number of graves and the fact that the cemetery has fairly good records even in the older sections of this cemetery. Some of the cemeteries have been destroyed by weather or human elements. Erosion, neglect, and bull-dozers have all contributed to deterioration of stones and cemetery sites.

About those that have copied these cemeteries. Some have copied many cemeteries, some only one or two, and some have copied the biggest ones alone. To each of those that has copied any cemetery, we thank them very very much, for each one has made the book a success. Also, those that did not or could not go out to the cemeteries but took time to type, gather publishing information, draw or obtain maps, and work on the advertising and other areas to see that these volumes were published get our thank-you for you also were a big part of the success.

21 MILE/ANTELOPE/HOSKINS BASIN CEMETERY

This cemetery is located NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 30 Township 4N Range 26E in Yellowstone County, Montana. To reach the cemetery go North on Highway 87 out of Billings, Montana approximately 15 miles and take a left hand turn onto Highway 328 and travel approximately 4 miles. The cemetery is located on the south or left-hand side of the gravel road. The cemetery can also be reached from Highway 3 by turning east onto Highway 328 and traveling approximately 20 miles to the cemetery.

This cemetery is called 21 Mile because it is off of the 21 mile marker on Highway 87 and it has been called Antelope Cemetery because large herds of antelope were in the area during the homesteading days..This area had seven schools in the early days and was known as Hoskins Basin.

Early history tells us that a small German Lutheran Church was built at a location on the north side of the Hwy 328 and just at the bend of the road west of the cemetery. The church was later sold and moved to the Shepard area. This area was homesteaded by the Cromleys, Opps, Wilkins, Spitzers, Endigs, Wests, Farnes, Langs, Glocks, Kramlicks, Kamraths, Annanns, Jacobs, and others.

Many of the burials in this cemetery were due to the Flu epidemic of 1918. YGF members interviewing residents of the area were told many interesting facts about the early homesteaders of this area. Others named as being buried in this cemetery were: a 3 year old Glock girl, died in 1918, John Opp, Mrs. John Opp, a daughter of John Opp, Sam Freeman, Frank Annann, Mr. and Mrs. William Beerbaum, Chris Kessel, John Spitzer's baby from a snake bite, Edwin and Edna Kramlick, both young children and a baby of the Walter Slagle family. Only three names appear on markers in the cemetery but there is evidence of other burials in the cemetery.

ASSUMPTION CATHOLIC CHURCH CEMETERY

This cemetery is actually located just inside Stillwater County not in Yellowstone County but is included in this book because many residents of Yellowstone County were buried in this cemetery.

To reach the cemetery going North on Highway 3 into Broadview take a left-hand turn to the west off of Hwy 3 opposite the bar on the east side of Hwy.3. The road is paved for a short distance and goes south approximately 1/2 mile and then west for several miles and then turns to the south again for a mile or two. A Bill Brinkel lives at the last turn and is reported to have the records of this cemetery. The church is on a hill just to the south of the cemetery but services are not held here anymore. Broadview is near the corner of four counties so residents from these counties may be buried in this cemetery.

BROADVIEW CEMETERY

The minutes of the first cemetery meeting for Broadview show that the Association was organized September 15, 1910 and the first burial was September 16, 1910. The cemetery is located in the SW¹/₄ Section 15 Township 4N Range 23E in Yellowstone County and consists of 4 acres which was bought for \$105.00 in 1910 by seven people who each put in \$15.00 to buy the land. The cemetery is 32 miles north of Billings and is outside the town of Broadview just 1.15 miles off of Highway 3.

CASTLE BUTTE CEMETERY

This cemetery is located NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 24, Township 5 N., Range 30 E., in Yellowstone County, Montana. To reach the cemetery go east from Billings 27 miles on highway 312 to N. 29th Road (just west of Pompeys Pillar). Take this road northeast approximately 16 miles. The cemetery is off the county road about 1/2 mile. The tract of land was deeded to the Castle Butte Cemetery Assoc., Inc. of Yellowstone Co. for the sum of \$1.00 on April 29, 1927, by Dora Harris. Now there is no road to cross the ditch by car and only a slight observable path crossing the open range. The cemetery is reached by walking. It is fenced with the name over the gate. There are only a few marked graves and several lot markers. It is unknown if there are other graves.

Other graves reported in general area of this cemetery.

COMANCHE/HELM MEMORIAL CEMETERY

The cemetery is NW SW¹/₄ Section 20 Township 3N Range 24E in Yellowstone County. The first mention of this in the county land records is March 27, 1911 a deed filed by the First Methodist Episcopal Church and the widow of Michael J. Helm, Mrs. Lola D. Helm. The deed was filed Apr. 3, 1911. The Helm Memorial Cemetery Association was incorporated January 7, 1925. The cemetery is approximately 1/2 mile south of the old church site. To reach the cemetery take Highway 3 north 20 miles from Billings to Comanche, Montana. The cemetery is a short distance to the west of Highway 3 and just to the south of Comanche.

Much of the information obtained about this cemetery came from Mrs. Annie Auer of Comanche. The cemetery is overgrown and not kept up by anyone, but Mrs. Auer has taken names of the people in this cemetery and also knows some of the history behind these early settlers of this area.

CUSTER CEMETERY

This cemetery lies in the W $\frac{1}{4}$ corner of Section 1 Township 4N Range 33E in Yellowstone County, Montana. To reach the cemetery take the Freeway I94 east from Billings 56.5 miles to Custer. Taking a left go west .8 miles on U.S. 10. The cemetery can be seen from the freeway and lies between it and the railroad tracks. The cemetery was surveyed by Leo F. Garrison June 10-16, 1932. The Custer Cemetery Association gave Certificate of Dedication on November 21, 1932 and the plot was filed in the County Clerk and Records Office March 6, 1933.

OLD JUNCTION CITY CEMETERY

Boothill

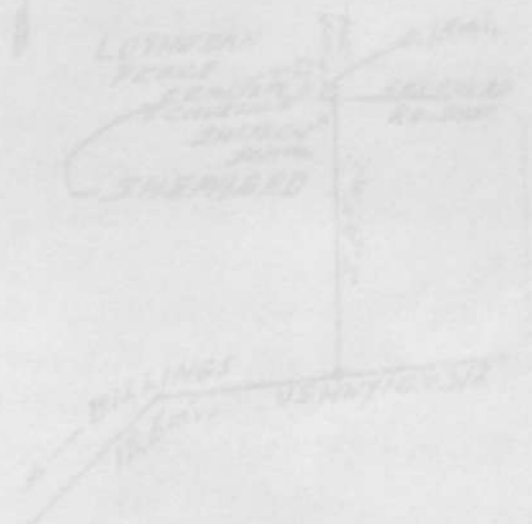

The community of Junction City had a plot filed and recorded March 8, 1883 in the Territory of Montana, Custer County. The plot was filed with the Territory of Montana, Yellowstone County September 1, 1884. The plot was vacated by the Yellowstone County Commissioners. This cemetery lies NE 1/4 Section 36 Township 33E Range 5N. To reach the cemetery take Freeway I94 56.5 miles east from Billings to Custer. Go 1 1/2 miles north of Custer across the railroad tracks and across the bridge over the Yellowstone River. The cemetery is 1/2 mile north of the bridge on Highway 310. The cemetery is on the west side of the highway on a hill overlooking the valley and river. Only two markers have identification but there are many graves here. From old news clippings and articles published about Old Junctions these following names were taken as people who were buried in the Old Junction area. The 14 year old Indian boy, son of Big Ox, a Crow; Bob Adair; possibly a Mr. Johnson; Gillman; a woman called "Tex"; a Chinaman; a Negro called Andy; Sam James Reed; David Conklin; Sam Ferris; possibly Tom Ramer; Frank Stump; and Mike Roach. Junction City was once a bustling cowtown that flourished with the trade along the Yellowstone and Missouri Rivers but now only shows a cemetery and a few deserted log structures as evidence that it existed.
