VOLUNTEERS

An undertaking of this magnitude would not be possible without the volunteers who spent two and a half years getting the data from the Marriage Index Books at the Summit County Probate Court copied, computerized, proofread, and ready for publication.

Thank You to **Lois Noirot**, President of the Summit County Chapter, OGS and Secretary to Judge Spicer, for staying after hours at the Courthouse so the index books could be photocopied. Volunteers helping Lois photocopy the index books were **Chuck Grant, Nancy Wilson, Louise Sunderland, and Marlene Diefendorf.**

Thank You to **Bonnie Millican, Barbara Elliott, and Marlene Diefendorf** for computerizing this information for the benefit of everyone. A special "Thank You" to Bonnie who has spent a multitude of hours over the past two and a half years deciphering the hand writing on the photocopies in order to computerize the data.

Thank You to the following members of the Summit County Chapter, OGS for their countless hours in proofreading. The photocopied pages were checked against the computerized printout for typographical errors and missed entries.

**Dorothy Briggs

Nancy Wilson**

Thank You to **Judy Anne Davis** for going to the Courthouse and checking the truly undecipherable names and dates against the original index book and for copying missed entries.

Thank You to **John Peterson** for taking the final 5 volumes of computerized work and putting it together on one CD-ROM.

Disclaimer:

As you can see, a tremendous amount of time and care has been spent over the last two years to make sure that the information in this book is as accurate as humanly possible. However, we are only human and therefore mistakes are bound to occur.

It is the responsibility of the reader to check all possible spellings of a name. The handwriting of a person in years gone by, as with today, can be extremely difficult to read. We could only copy what we saw. At times we were unable to accurately determine a letter or number. We had to make a decision on what the letter was based on the handwriting of other entries on the index pages. When all else failed we referred to the actual marriage record. Unfortunately, in many cases, the signature on the marriage record was just as difficult to read.

Letters that can look the same when written are:

lower case	upper case
o - a	I - J
i - e	K - H
k - h	L - S
m - n	M - W
u - n	T - F
u - w	U - W

Surnames or given names with a slash such as:

BRUCE / BREECE

Nancy / Polly

This is the way the surname or given name appears in the index book at the Courthouse. In most cases both spellings will be found on the actual marriage record. We have taken the liberty to index both names in this book as:

BRUCE / BREECE

BREECE / BRUCE

Nancy / Polly

Polly / Nancy

ABOUT THIS BOOK

This index contains all of the information found in the Male Marriage Index Books 1840-1943 at the Summit County Probate Court in Akron, Ohio. At this time we are only able to publish the index for marriages for the years 1840-1900. This is a 5 volume set of books we have called Volumes 1-5. The marriage records at the Summit County Probate Court are in Marriage Books A, B, C, and Books 1-13.

This book has all the information needed to obtain a copy of the actual marriage record from the Marriage Record Books at the Summit County Probate Court in Akron, Ohio.

HOW TO USE THIS BOOK

Section 1

An alphabetical listing by the groom giving the name of the bride, year of marriage, volume and page number of the Marriage Record Book where the marriage is recorded.

Section 2

An alphabetical listing by the bride giving the name of the groom, year of marriage, volume and page number of the Marriage Record Book where the marriage is recorded

Please read this notice

Regarding the index for 1840-1865: This book, and this book only, has two sets of volume and page numbers. One is for the marriage application and the other is for the marriage return. If you want to obtain a copy of a marriage you will need both copies. The application only has the date when the marriage license was taken out. The return has the actual date the marriage took place and the name of the Minister or Justice of the Peace who performed the marriage.

The abbreviation 'NR' in the marriage return column indicates the signed marriage license was never returned to the courthouse to be recorded. It may mean the marriage never took place. It may also mean the marriage actually took place but the Minister or Justice of the Peace failed to return the marriage license to the courthouse to be recorded.
