

# **Index to Obituaries Published in the *Akron Beacon Journal* in 1993**

*Indexed and prepared by Michael Elliott of the Special Collections Division,  
Akron-Summit County Public Library*

The first column lists the name of the deceased and the second lists the date on which an obituary appeared. Please note that it is quite common for an individual's obituary to appear in two or three consecutive issues of the newspaper, with an abbreviated version appearing on at least one day. If the obituary that appears on the date given is not as detailed as you had hoped, check the issue for the previous and/or following day.
