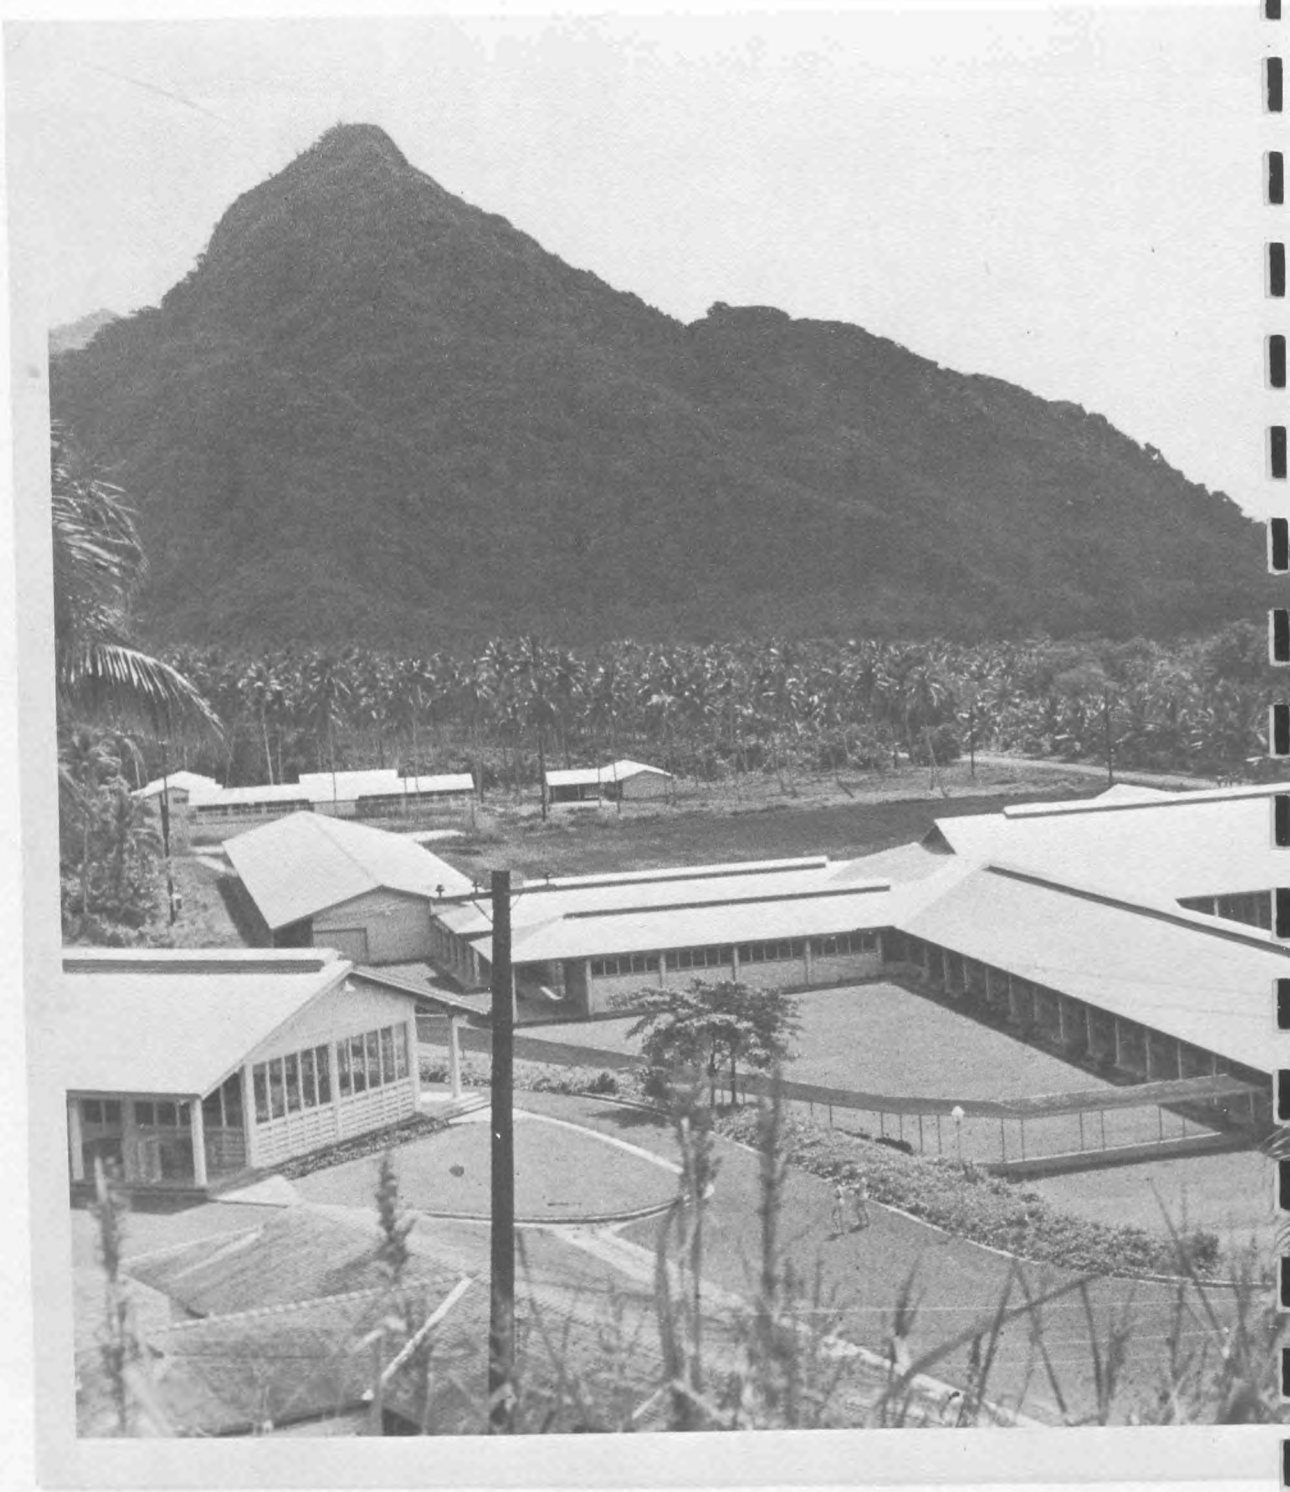
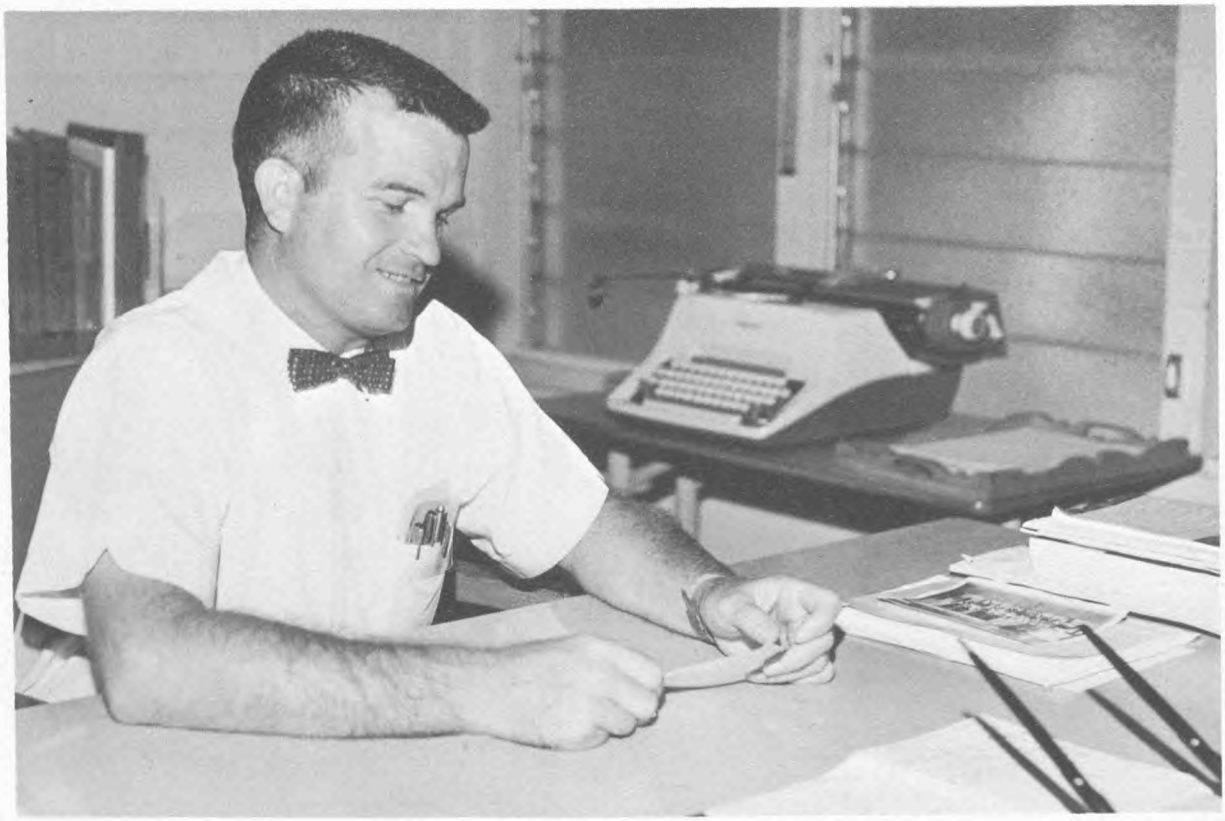
LUMANA'I



MAPUSAGA HIGH SCHOOL

DEDICATION



PRINCIPAL ELDON H. PUCKETT

We, the student body and faculty of Mapusaga High School, dedicate the 1964 Lumana'i to our principal and friend, Eldon H. Puckett. Brother Puckett has devoted himself wholeheartedly to the Samoan people for five years. He has given freely of his strength, wisdom, and time to help the young people of Samoa become better educated and better qualified to contribute to the future growth of Samoa. We recognize his desire to continue to serve the Polynesian people through further study and preparation for greater service in the future.

Vice President

PRESIDENT'S MESSAGE

Going to school is a great task for us to undertake. It is often hard, but we should try to do our best while we are in school. We might say that attending school is like engaging in a war where one uses his brain for the weapon. We should not attempt to fight the battle without preparing ourselves and our weapons each day. If we prepare well, we will earn the reward of a battle well won.

We who are going are filled with sorrow at leaving our friends here at Mapusaga. We would like to say to our principal and the faculty that we appreciate your leaving your own homes to come to us and contribute to the growth and progress of the people on this island. You have given us the light to walk wisely and to know more about the future.

S O I F U A,

Ioane Vaita Utu

EDITOR'S MESSAGE

As yearbook editor, I speak on behalf of the entire staff in expressing our thanks and appreciation to the studentbody and faculty for their cooperation in putting out this yearbook. We wish to express our special thanks to Arthur Anderson for his help with photography for the book, and to Wilson Wood, yearbook consultant.

We appreciate this opportunity to bring you this yearbook, a pictorial record of what we have been in the past. We hope that this book will also give those who receive it a desire to improve upon the future by trying to achieve even greater things than those which are recorded here for 1963-1964.

Soifua,

Ma'anaima Fuala'au

PRINCIPAL'S MESSAGE

Another year has been recorded for the future in the pages of this yearbook. A hearty "well done" to the yearbook advisors and staff for the fine work that has been accomplished. It has taken a great deal of time and effort on the part of many people to bring this Lumana'i into being. On behalf of the Pacific Board of Education and the Administration, permit me to extend my thanks to all those who have helped to make this yearbook a real success.

I am sure that there were times when the advisors and staff wondered if it was worth all the work and worry involved to produce a yearbook. Now that it is completed and in the hands of the students, I am sure that they no longer doubt the worthwhileness of the project. I know that they feel great satisfaction in the realization that this yearbook will bring great pleasure into many lives for years to come.

There is great truth in the old saying that all things of real value in life require work to obtain. Generally speaking, the harder you work at reaching a goal, the higher the satisfaction on attaining it. The LUMANA'I staff has worked hard to give us a very good yearbook. Let each of us add to their happiness by telling them how much we appreciate their preparation of this record of the past for our future enjoyment.

Sincerely,

Eldon H. Puckett
