

The Church Of Jesus Christ of Latter- Day Saints

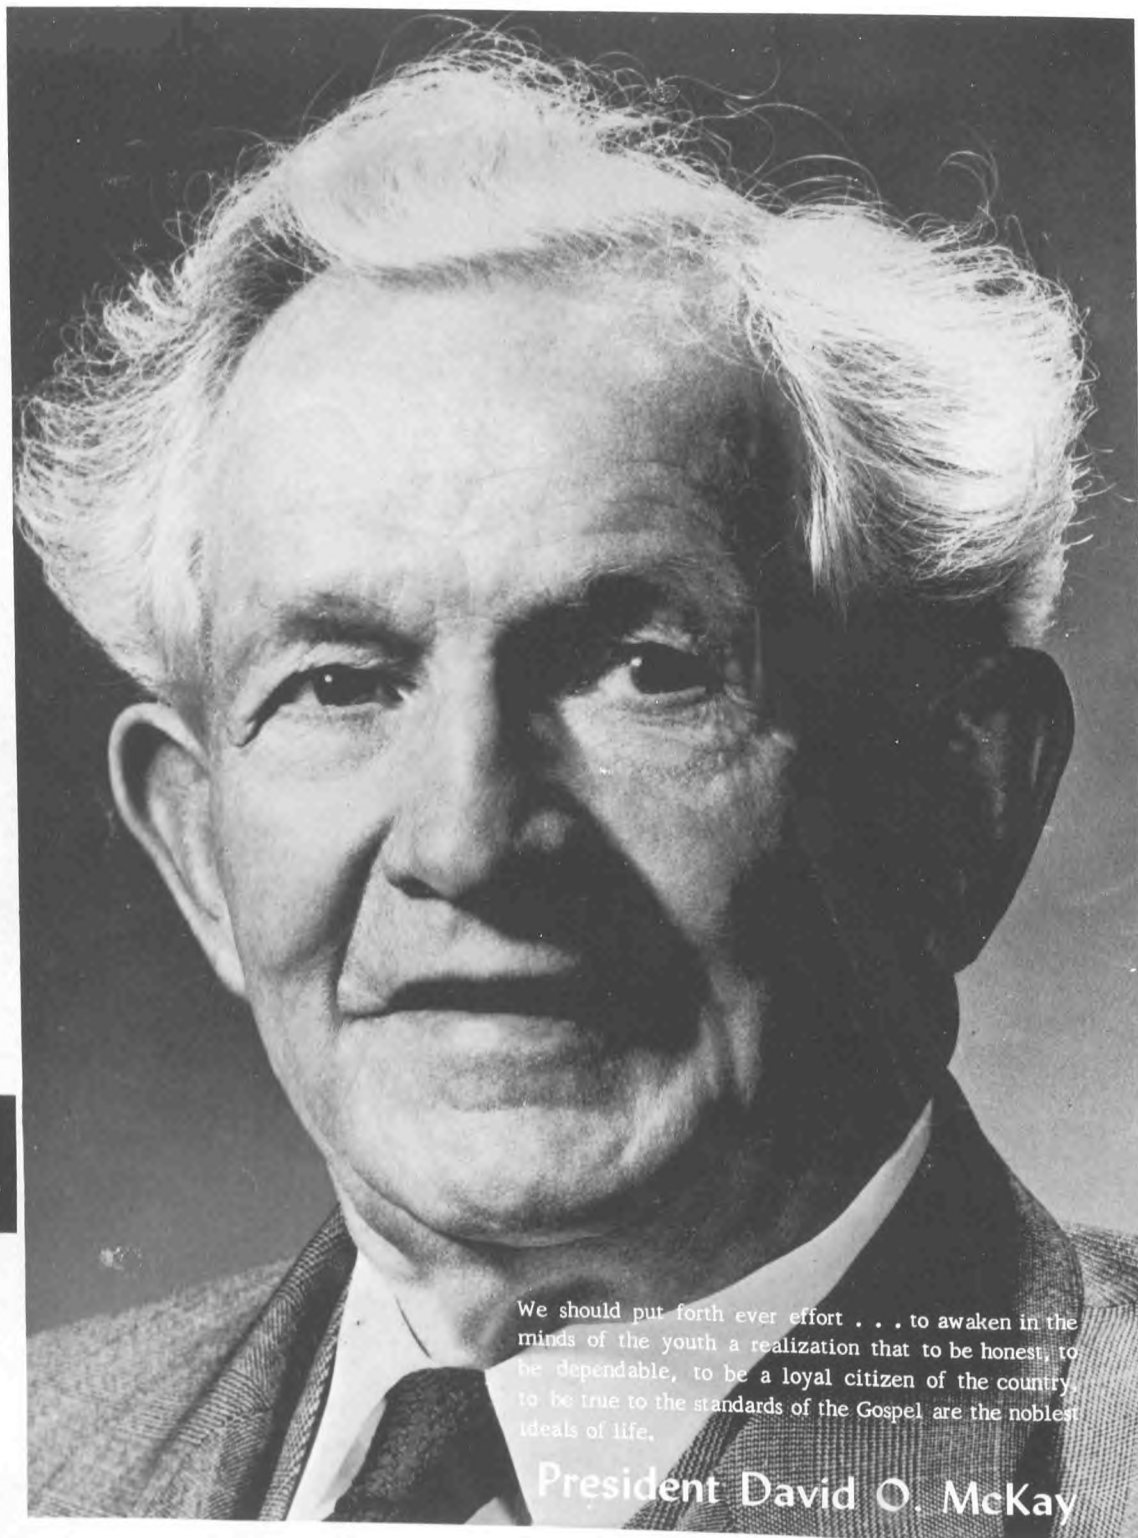

MAPUSAGA HIGH SCHOOL

Foreword

The President of the Church of Jesus Christ of Latter-Day Saints

We should put forth ever effort . . . to awaken in the minds of the youth a realization that to be honest, to be dependable, to be a loyal citizen of the country, to be true to the standards of the Gospel are the noblest ideals of life.

President David O. McKay

Assistant Director of Personnel

Our Principal

Between the covers of this excellent volume are recorded the memories and friends we have made through this years school association. What pleasant and stimulating parts of life are our learning years. Great opportunities and rich blessings are in store for each of us if we can master the lessons our outstanding teachers have attempted to impart. The contribution of each to the school is significant. The world is waiting to test you. Be prepared for the day when you must produce. May our remembrance be a continual spur to help us do our best. God bless us, each and every one.

Vaughn T. Hawkes

Governor of American Samoa

American Samoa*

Governor Owen S. Aspinall

Faculty

Six years ago, Brother Arthur C. Anderson, his wife Joanna, and their three children came to Samoa. Since arriving here, they have had one more son. To Brother Anderson, we owe much gratitude for the fine photography work he did on this year's yearbook. He is Brother Hawkes' assistant and a very fine teacher.

Supervising our buildings and grounds is Brother Raymond K. Bastian. He came here two and a half years ago with his wife, Donna, and five children. For this school year, Sister Donna Bastian is secretary to Principal Hawkes.

Brother Card and his wonderful family will be leaving us this year. But, they will have left a great deal for the Samoan people to be proud of. Besides teaching here at school, he is the Malaeaimi Branch President.

Brother Rich Christensen and his wife, Delores, came to us from Snowflake, Arizona. With them are their two daughters, Susan and Pamela. Brother Christensen teaches social studies, band and chorus. They would like to learn to speak Samoan, and to learn skin diving. His hobbies are gardening, wood working, and swimming.

After graduating from B. Y. U. Bro. Tauveve L. Fanene and his wife, Mary, returned to Samoa to become a full time religion teacher. They have thirteen children.

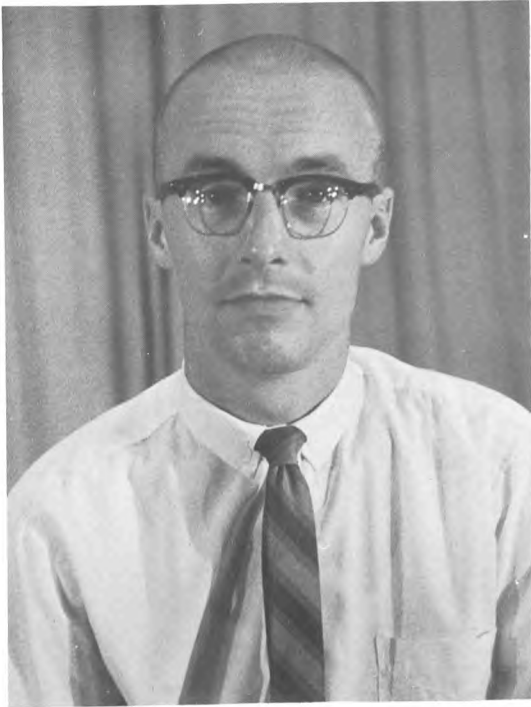

Brother Jan G. Fisher, an artist, from Flagstaff, Arizona, is now teaching art, social studies, and religion. He is also an advisor to the Senior class. His wife, Trudy, and their cute little son, Troy, are down here with him too. He says that Samoa is the "GREATEST"!

From Odgen, Utah, came Brother and Sister Fullmer and their three sons. Brother Fullmer has been here for three years teaching algebra, chemistry, physics, and math. This is his last year at Mapusaga, but we would like him to stay for three more years.

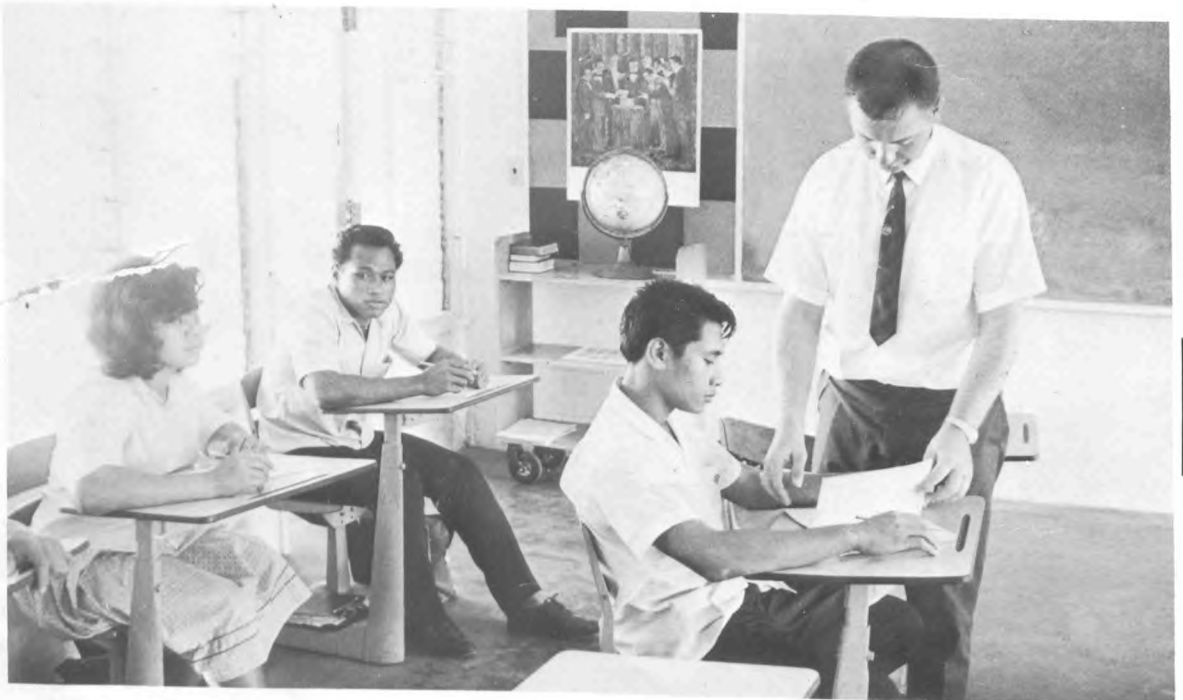

Edmonton, Albert, Canada, was the home of Brother Richard Jordan Garside, his wife, Barbara Elaine Garside, and their children Gordon, Richard, David, and Teuila. Brother Garside is the advisor for our Safety Patrol, the National Honor Society, and the Junior Class. As a teacher he teaches English, reading, and religion. He enjoys working hard and being with his family.

Brother Keith Hill, our reading, religion, and history teacher, is appreciated by the students for his wonderful spirit. Before coming to Samoa, Brother and Sister Hill and their two sons lived in Rupert, Idaho.

After leaving us for one year to attend Brigham Young University, Brother Hawkes and his family have returned to Samoa. With the task of being our principal not an easy one, Brother Hawkes has the situation well in hand. Besides being principal to four hundred students and the father of four children, he finds time to serve on the district High Council. His wife, Arlene, is president of the Primary in the Malaeaimi Branch. Among his many hobbies he operates a ham radio, and enjoys gardening and farming.

Principal Vaughn Hawkes

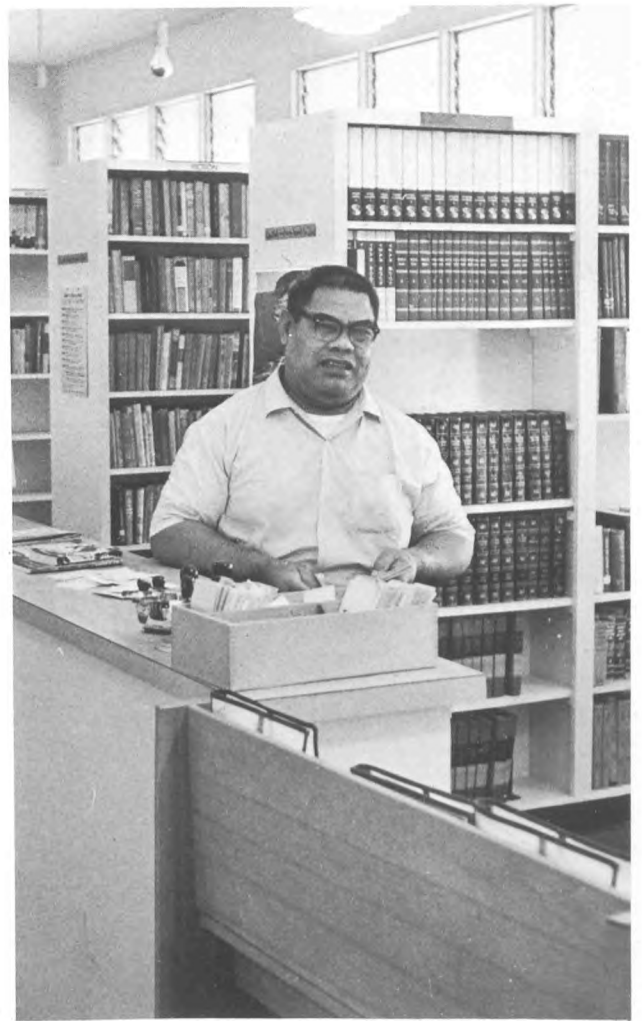

Spending their second year here in the South Pacific are Brother Royden Hill, his wife, Amadita, and his two sons, Arden and Paul. The youngest son, Paul, is an adopted samoan baby. Brother Hill and his family would like to stay here at Mapusaga for three more years. He teaches business machines and typing classes. He enjoys fishing, hunting, and teaching.

From the island of Upolu, Western Samoa, Bro. Eeremia, his wife Ema, and their eight children, Kiona, Valaparaíso, Etelani, Nifaesemo, Eseta, and Filipino. Since arriving here, they had two more children, Jennie and Isaia. Bro. Ieremia is our librarian and is also one of the advisors for the Samoana Club. Reading books and planting Taro patch are some of his hobbies. After staying here, he plans to go to Hawaii. He would like to further his education.

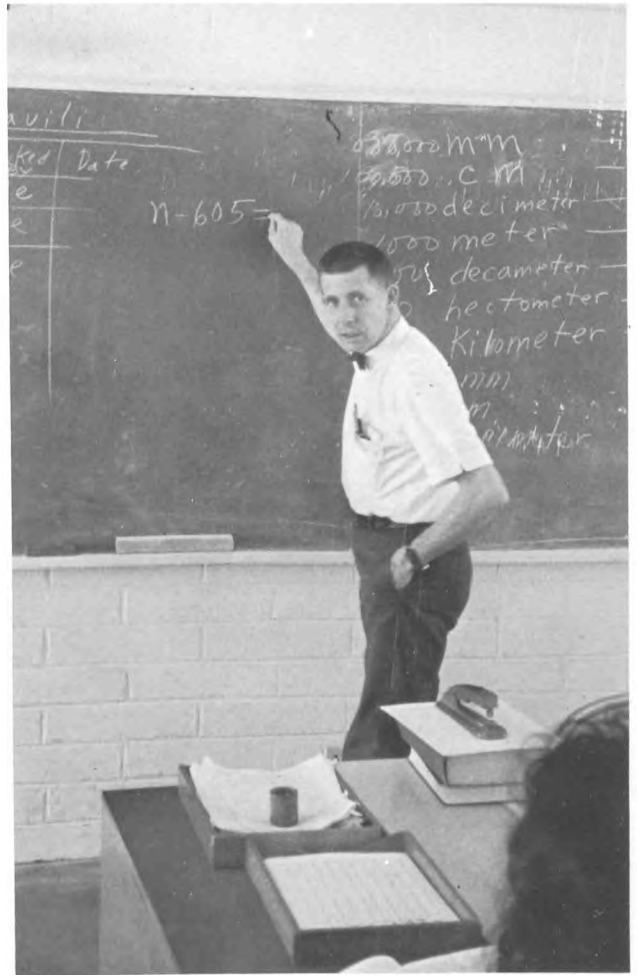

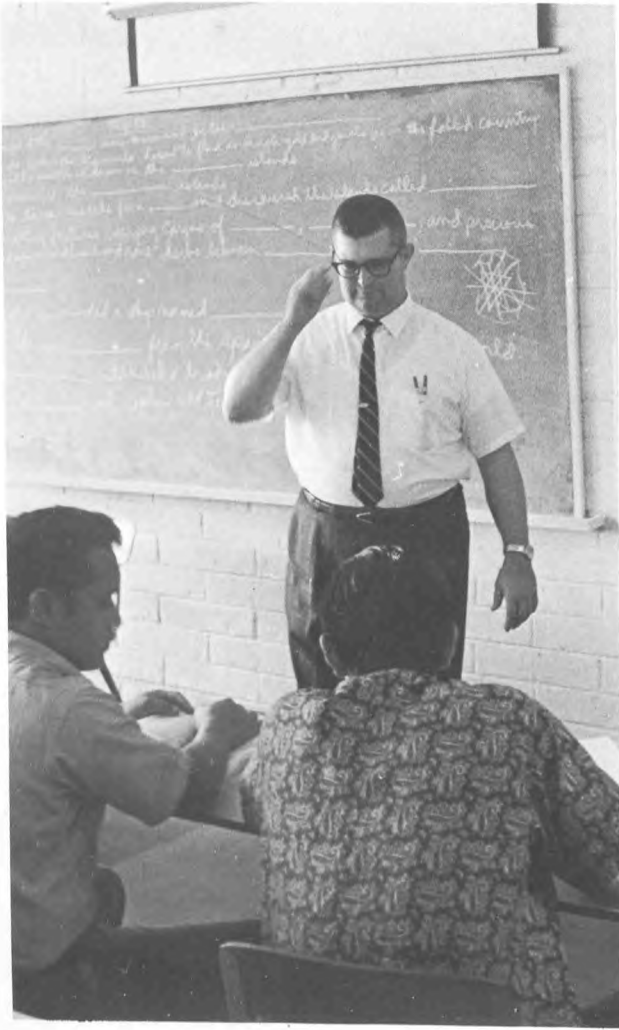

Our High School counselor Brother Jerry Johnson, his wife Karen Kay, and their three sons, Scott, David, and Robert came from Brigham City, Utah. He really enjoys his job - especially when some of the students get mad at their teachers and come running to his office to be transferred to another school. Being with his family, reading, snorkeling in the "sami", singing, dancing, and sporting are some of his hobbies.

Bro. Joseph Johnson teaches shorthand, Book-keeping, 9th and 7th grade math. He and his wife, Naomi, and their five children call their home American Falls, Idaho. They have been here two years. He and Sis. Johnson love the people and the way they live. In his spare time he likes photography, tape recording, and singing.

Brother Bob Kremer, a skin diving and sailing enthusiast, keeps himself busy collecting records, teaching social studies, and advising the school sports program. To make his home life more interesting he brought with him from Salt Lake City, his wife and three children. Everyone enjoys his big smile and hearty laugh.

Brother Glen B. Nelson teaches in depth and breadth the intricacies of the english language. He demands proficiency and excellence from his students. He is also a great asset to the school faculty. He and his lovely wife are the proud parents of a baby girl born here in American Samoa.

Sis. Dorothy Sargent, a very conscientious teacher of the junior high grades, is one of the two women faculty members of our school. She and her husband have one daughter who lives in Wisconsin. Samoa is only one of many exotic places they have lived. We hope their stay here is a long one.

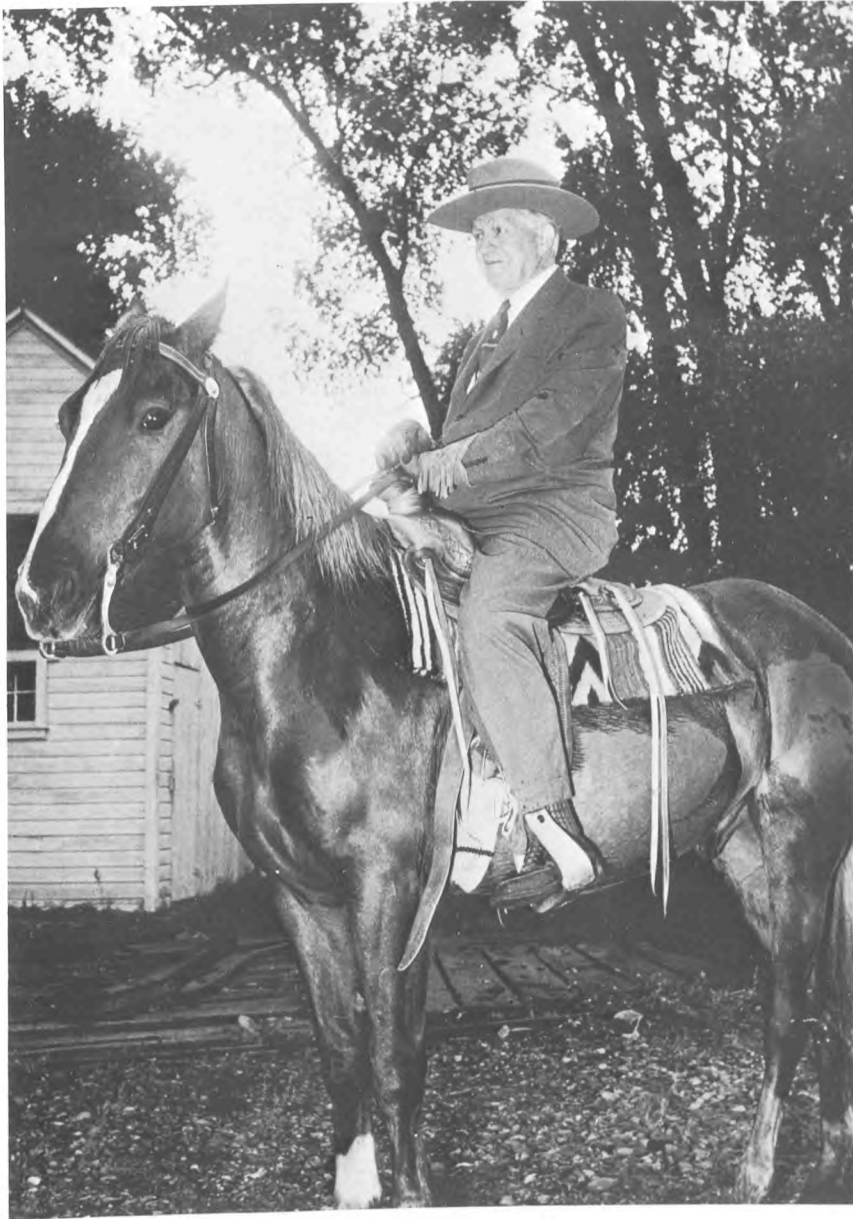

The Smith's are a family of teachers; he directs a variety of vocational classes in the school shop and she teaches the girls everything from hygiene to threading a needle in the homemaking room. Their family of five children makes them one of the largest tribes on campus.

One Who Loves Animals
and the Out-of-Doors.

Our Beloved Prophet

TO THE STUDENTS OF MAPUSAGA HIGH SCHOOL:

It gives me great pleasure to send greetings to the students of the Mapusaga High School at Pago Pago, Samoa, and to extend my heartfelt wishes for your success and happiness.

It is my belief, and I have often so stated, that education is a free people's best investment. How great is that investment when it becomes a part of the lives of eager youths, nurtured in the rich environment of the Church and harvested in the field of potential achievement.

Be true to the teachings at Mapusaga High School!

Character is the aim of true education; and science, history, and literature are but the means used to accomplish this desired end. Character is not the result of chance, but of continuous right thinking and right acting. True education seeks to make men and women not only good mathematicians, proficient linguists, profound scientists, or brilliant literary lights, but also honest men with virtue, temperance, and brotherly love. It seeks to make men and women who prize truth, justice, wisdom, benevolence, and self-control as the choicest acquisitions of a successful life.

Apply your education, for true education, that for which the Church stands, is the application of knowledge to the development of a noble and Godlike character.

Yours is the challenge to go forward and succeed!

Sincerely yours,

David O. McKay

Post-Graduates

Brother Anderson, we take great pride in dedicating this book to you. For nearly every Lumana'i he has not only been chief (or only) photographer, but he has also been the darkroom technician. It has been good to take classes from you and to get acquainted with you. Samoa is better because you have been here. We thank you for your devotion to the teaching profession. We the students of Mapusaga High School, through this official organ of the school, express our love and respect. The Andersons are leaving Samoa to teach in the Church College of New Zealand. We bid you a fond and affectionate, Tofa! May God's choicest blessings always be yours.
