LETTERS TO OR FROM CLERK OF COURT	70
INDEX	79

EXPLANATORY

The naturalization records in this volume are abstracts of all those available in the keeping of the office of the Finney County Clerk of the District Court in the Finney County Courthouse. Early records are in bound volumes, and later records are in 3-ring notebooks, with some of the papers loose in the notebooks. These abstracts do not include the country the person renounced allegiance from, as most was from the country they were born in.

The file of carbon copies of letters to the Circuit Court concerning naturalizations and reproduced in this volume, were passed into my hands when I started compiling these records. The letters were saved by a local genealogist/historian and were part of the "old correspondence" files purged from the Circuit Court to make room for current records, previous to the unification of the Kansas Circuit Courts and District Courts 1979/80. These letters should be helpful in giving clues to the movements of some immigrants or their families when they left Finney County.

Abbreviations used in this volume are-

b. = born
M. = married
Res. = residence
Ch. = children
Comp. = complexion

The official records from which these abstracts were taken are located in the office of:

Clerk of the District Court

The original copies of the records are under federal jurisdiction.

Meriden, Ks.

W.D. Fulton Esq.

Dear Sir:

I received your reply yesterday, and now write to say that the land in question was Homesteaded by JOHN MOFFETT. P.O. Ravanna, Some time ago I wrote to PERRY O. HATCH, P.O. Ravanna in regard to the land, he stated that it laid one mile North East of his place, but could give me no particulars in regard to it. I wrote to him again asking for information as to whom I could apply for information, but have no answer if you can locate PERRY O. HATCH, then you can locate the land in question. There are two witnesses here who claim to have seen the Deed for it.

JOHN MOFFETT died at the Soldiers Home, Dayton, Ohio. The authorities there have been instructed to send me his effects which I hope to receive in a few days, it may be that the deed to the land may be with his effects, and it may not be, so if you can find the land, and tell me whether it is in said JOHN MOFFETTS name or not. I shall be sincerely obliged to you.

Very Respectfully

Dear Sir

I am advised by commissioner of Naturalization to write you concerning my residence in Garden City, from 1911 to 1913. If the witnesses refuse to give depositions I refer you to others. G.H. and R. Mack. I worked some for the Mack Bros. and, 3 of my Sons worked for them I also refer you to CAL THOMSON and MOSES McKELVEY who worked there at the same time. I may not be right as to dates for I do not keep any account. I first came to Garden City, in 1905 and I stayed with my Son-in-law E.C. SHUMWAY. I was laborer on the erection of the Sugar Factory.

I also worked for GEO. STUMP making pipe for Sub. irrigation. I also worked for E.J. PYLE and for all necessary charges please notify me and I will forward the same.

Your favor of the 7th at hand and in reply will say that I have made a thorough examination of the records in this office but I can find no record that EDE GOSSMANN ever took out his final papers of Naturalization. The only record that I find is the first declaration a certified copy of which I have enclosed.

I think that this will all that will be necessary in order to prove upon the land for I know that first papers, have been successfully used in that particular.

Hoping to hear from you soon

Chief Naturalization Examiner,

Dear Sir:

Mr. JOE FLEMING who lives near this city, moved to Canada several years ago and filed on a Homestead and therefore had to take out Citizenship papers and become a British subject. He lived in Canada four and one-half years. For the past six years he has been a resident of the United States and now wants to be re-citizenized in this country.

I have carefully read my book of rules but do not find anything that exactly fits this case. Should he take out his Declaration of Intention and then after the expiration of two years his Petition for Naturalization the same as an alien?

Yours very truly,
Helen M. Stowell

Mr. M.R. Bevington,
Chief Naturalization Examiner,
St. Louis, Missouri.

Dear Sir:

I have a "case" in naturalization before me that I would like to have your opinion upon.

A Mr. MATTHEW HUNTER, a resident of this county, aged about sixty five years, has always supposed himself to be a citizen of the United States, but within the past few months he has attempted to make final proof upon a claim taken in this county, and when he started to make such proof he then discovered that he was not a citizen of the country and the proof is held up until he can establish his citizenship.

Mr. Hunter was born in Canada, and moved with his parents to this country when he was a very small boy. I think they first lived in Wisconsin, have lived in several states. Mr. Hunter has had a stroke of paralysis and does not remember very well. He thinks his father took out his naturalization papers, while Mr. Hunter was still a small boy, thinks this was done in Allen County, Kansas, but they have written to the Clerk of that Court and he states that there is no such record there, that a fire several years ago destroyed their records. The reason they think the father obtained his naturalization papers is that he received a patent to land in Wilson County, Kansas. But neither the original papers nor a copy of the records can be found. I have suggested that he file his Declaration of Intention and proceed as usual. But his mind is partly effected and although his aged Mother is living he may not be able to get all the necessary information from her for his Declaration of Intention, and he cannot prove up his claim until these papers are obtained, they are poor people and they need that land to make a living.

Would the law stating that people being misinformed as to their citizenship as stated in section ten page nine of our rules and regulations apply to this case. Could this man omit filing his Declaration of Intention under this ruling and now file his petition and be heard on that and receive his Citizenship papers at the expiration of the ninety days notice, or shall he go ahead and file his Declaration of Intention in the usual manner and after waiting the two years then file his petition etc.

I think I have stated all the material facts in this case to you, and will appreciate an immediate reply stating what shall be done in this man's case, as he will be in the office again within a few days and I will want to be prepared to tell him what will be necessary for him to do.

Yours very truly

November 29th, 1919.

Mr. Matthew Hunter,
Garden City, Kansas
