

Index, **THE HAMILTON GRIT**
(Greenwood County, Kansas)
January 5, 1928 -- December 31, 1936

Introduction

The Greenwood County Historical Society museum, at 120 West Fourth St., Eureka, Kansas 67045 - 1445 has reels of microfilm containing the images of *THE HAMILTON GRIT* newspaper for the period of January 5, 1928 through December 31, 1936, and following years. The paper (now discontinued) was a weekly, issued Thursdays, published by Ed O. Trask and typically, an 8-page, 5-column per page format, with occasional variations.

Each issue was SCANNED specifically for notices of births, marriages and deaths, but other items felt by this compiler to be of substance for genealogies and historians were often included. Each item was hand copied, then typed into a computer database for alphabetizing and printing. Each entry consists of four parts--

(1) Name (2) Event or reason for being (3) page & column numbers (4) date of issue.

The terms "died", "obituary" and "biographical obituary" indicate the amount of material to be expected, from least to most.

Be aware that there are MANY names and events that were not indexed, such as comings and goings, club meetings, school activities, etc. Correspondence and/or queries should be directed to the museum, address above.
