Dedication

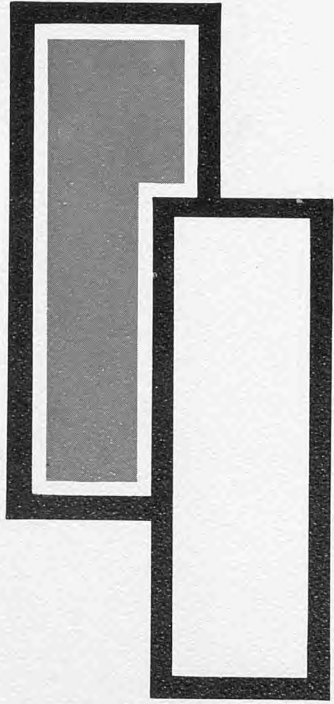

Dedication

At a special school election held May 17, 1960, the Board of Education and the Superintendent presented to the citizens of this community the following proposal:

Shall Consolidated School District No. 2, of DeKalb County, Missouri, incur indebtedness and issue its bonds therefor in the amount of \$75,000 for the purpose of building an addition to the existing school building and furnishing the same.

The proposal passed and work is now underway to complete the above addition to our school.

We, the Seniors of 1961, would like to use this dedication page to commend the Board, Superintendent Haskell, and the people of this community for this action. We believe this progressive step taken to improve our educational facilities is a symbol of their faith in our future, the future of the school, and the future of the community.
