Dear Yvila
School will soon be out, thank goodness. It has been fun being in band with you this year. Be good and good luck
Bruce Hinderks

Dear Yvila
It looks like school will be out soon and next year you will be a senior!!!

You have been a very nice, sweet girl, (stay that way). We have had a lot of fun being neighbors, these past years.

Best wishes, as you go into life.

A friend always
Jenan Powell

Dear Yvila,

It's hard to believe that we only have 9 more days of school left this year. I'm really glad, though. It's been a lot of fun all 11 of these years and I'm looking forward to next year.

Good luck in everything you do. You have the winning personality and brains to succeed in anything you attempt to do.

Carol
Jr. '65-'66

Dear Twila,

I decided I wanted a whole sheet to myself, so I took it. Jeanette has some time with all of her boy friends don't she. I imagine that by now you're quite aware that you just have one more year of high school. I hope the Prom we give you next year is as good as the one you gave the seniors this year. I don't think I ever thanked you for dominating me for Student Council Vice-President, so thanks. Be good all summer and stay around camp fires at night, and not away from them. Tell Buster to hurry up and get well.

See you next year,
Ronnie K.

The varsity cheerleaders, Linda Kay Heimbaugh, Karen Schleicher, Jolene Powell, Betty Colhour, Geraldine Banks, and Carol Winger, practice during a workshop session at the NW. Missouri State College Cheerleading Clinic.

Summer Activities

Four seniors, Marilyn Schleicher, Steve Grimm, Carol Everett, and Bill Sellars, share summer experiences.

The summer of '65 found Stewartville students busy with many things. Their varied activities ranged all the way from a preparatory program for pre-school children to workshops and study programs at colleges and universities.

Marilyn Schleicher and Bill Sellars attended Girls' State and Boys' State; Carol Everett represented Stewartville High at the Freedom Forum; and Steve Grimm participated in the National Science Foundation program at the University of Missouri.

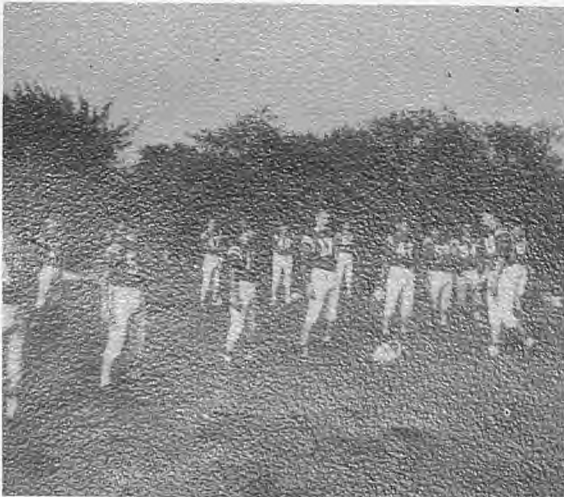

The publications class met several times during June to start plans for the 1966 year-book. From June 13 to 18 the varsity cheerleaders attended a clinic at the Northwest Missouri State College.

Linda Kay Heimbaugh was crowned Queen of the DeKalb County Fair and Horse Show August 11. Mid-August found the football squad practicing and getting ready for the 1965 season.

Some students found summer employment and gained valuable work experience; others used the summer to travel and rest, gaining new energy and new ideas for the busy school days ahead.

The football squad "gets in condition" for the work ahead.

It is enrollment day.

Suzanne Saunders, a Stewartville graduate of 1964, crowns Linda Kay Heimbaugh Queen of the 1965 DeKalb County Fair and Horse Show.

Members of the publications class discuss the possibility of a summer supplement.

Neighborhood Youth Corps

Neighborhood Youth Corps members receive educational counseling from Mr. Haskell, their counselor-supervisor.

NYC girls seem to enjoy their work-- removing paint from a piece of furniture.

The Neighborhood Youth Corps, a government-sponsored program formed under provisions of the Economic Opportunities Act, lasted from June 14 to August 20 and employed thirteen high school students from Stewartsville.

During this ten-week period, halls and classrooms of the school were repainted; library books were mended, reclassified, and shelved; new date, catalog, and index cards were typed for the books; and many other minor jobs around the school were completed.

In addition to providing summer employment for youth of the community, this program provided counseling in health, grooming, job placement, job orientation, school problems, future plans, and citizenship.

Chester Claycomb trims the shrubbery, one of his several duties.

Project Headstart

Kindergarten children get acquainted with the rods they will use in arithmetic class later on in the year.

Project Headstart was initiated at the Stewartsville School June 1, 1965. This kindergarten program was designed to prepare children of pre-school age for the First Grade.

Thirty-four children from Stewartsville and Osborn were enrolled. Teachers were Mrs. Ardelle Clouse of Stewartsville and Mrs. Sue Pennington of Osborn. The students were given physical and dental examinations, small-pox vaccinations, diphtheria and tetanus injections, and tuberculin patch tests.

Among other things, they completed a reading readiness program and took several field trips. They visited a post office, a fire station, a bakery, and a police station. One of the highlights of the season was their visit to the St. Joseph Museum.

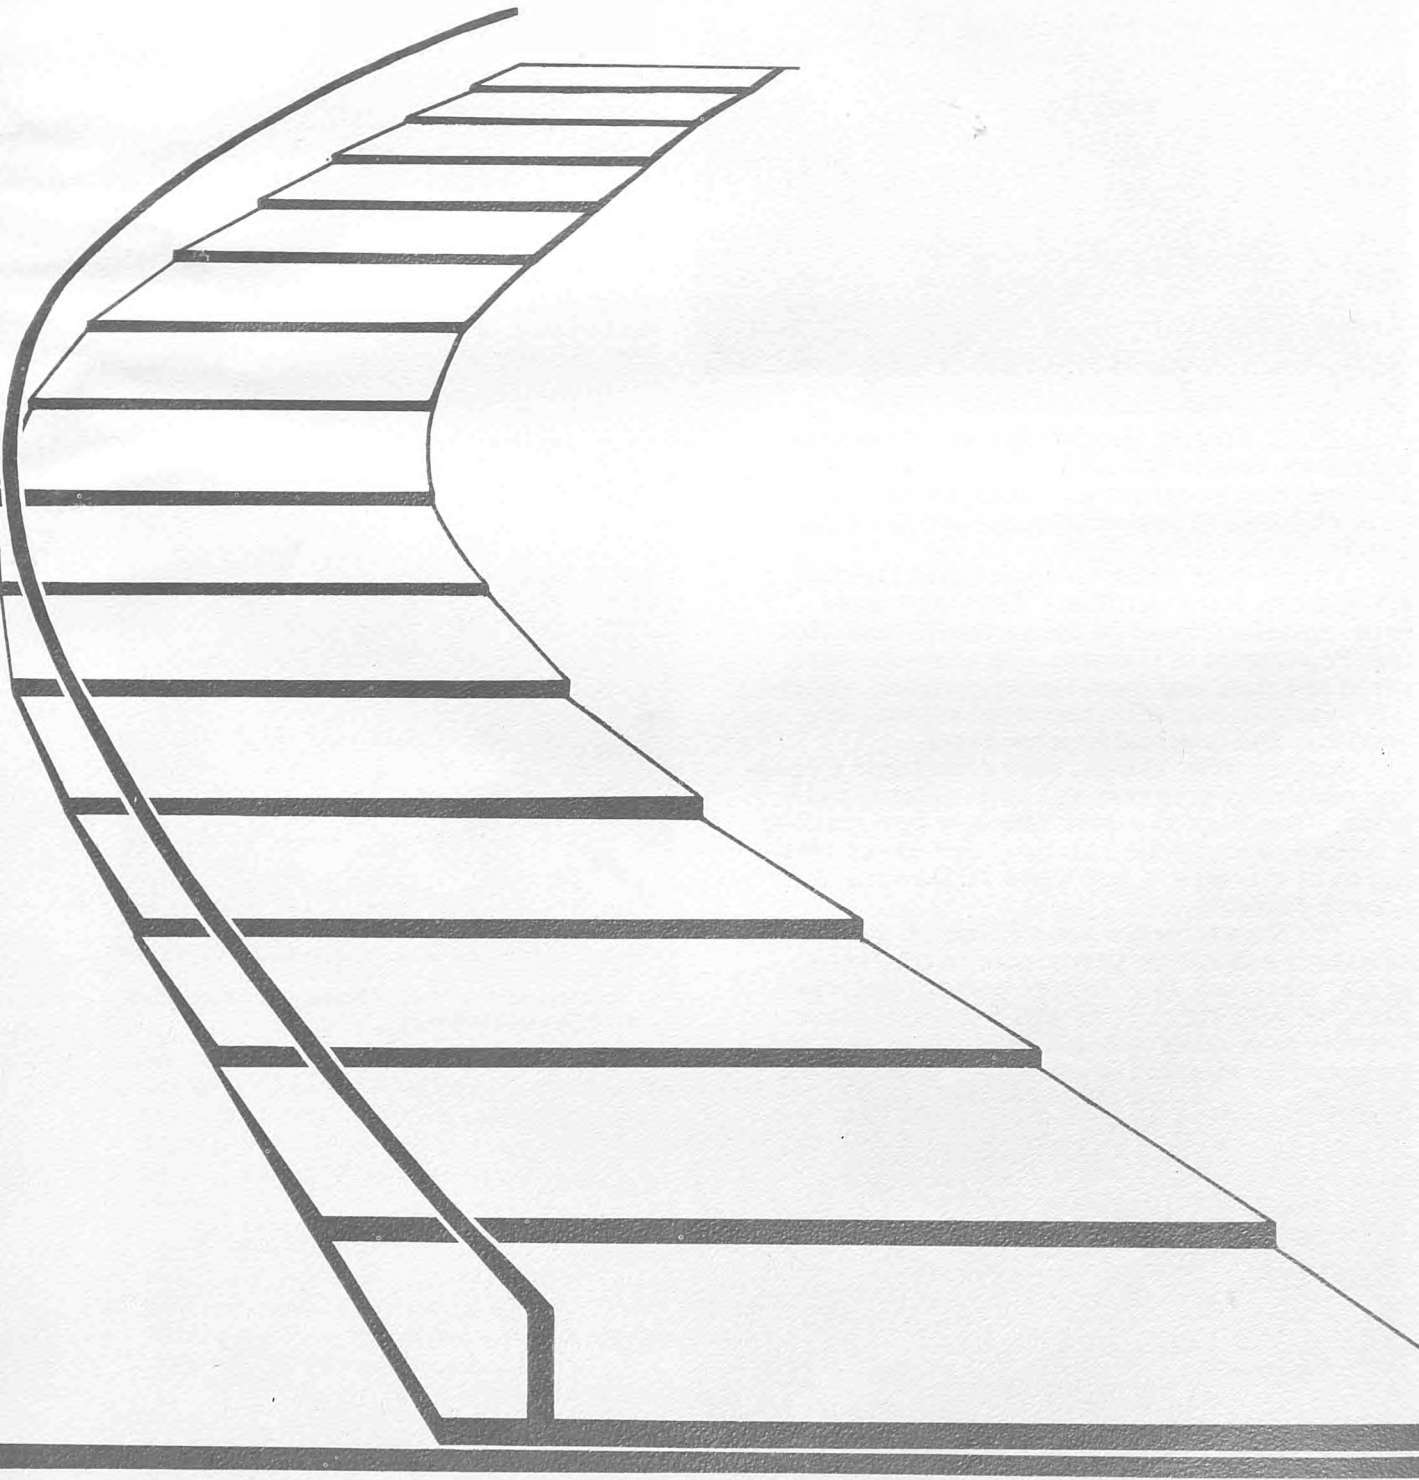

The Stewartsville School, one of many Missouri schools to participate in this program, was used as a control center, and was asked to give more tests and to submit more reports than other schools in order to help the Office of Economic Opportunities evaluate the program.

Teacher, Mrs. Ardelle Clouse, distributes rods on a fair-share basis.

Children line up for the photographer during one of their play periods.

Administration Board of Education

Members of the Board--Louis Schleicher, secretary; W. C. Moss, Donald Kincaid, Donald Piepergerdes, vice-president; Bobbie Saunders, treasurer; Eldon Haskell, superintendent; Dallas Pickett, president.

The Board of Education has many duties. It defines the rules and guidelines of student conduct and school operation. It has the final authority concerning the school budget. Most important, its members represent the people of the school district in forming school policy.

Several programs were initiated this year: Project Headstart, a preparatory program for pre-school children; the Neighborhood Youth Corps, which in co-operation with the school provided summer jobs for high school students; and the Vocational Business Education Department, the purpose of which is to train high school students for business and office jobs.

Other progressive steps taken this year by the Board were the purchase of machines for the business education department with money granted the school under the Vocational Act, and the purchase of machines for the improvement of reading under the Elementary-Secondary Act. An oil-emersion microscope and other technical materials were awarded to the science department. This new equipment and science texts for the grade school libraries were all funded by the National Defense Education Act. The school had to meet certain requirements and educational standards before it was considered for this special aid.

The annual audit report receives final approval.

Board members check bills for payment.

Superintendent and Principal

Eldon Haskell, superintendent, serves Stewartsville School in numerous ways. He works with the Board of Education planning, studying, and searching for new ways and methods to improve the school. He works with the teaching staff in the selection of textbooks, equipment, and supplies. He assists them in solving classroom problems. As sponsor of the Student Council he takes a keen interest in all extracurricular activities.

Mr. Haskell is also active in community affairs as a member of the Lions Club and the American Legion. He is President of the Dekalb County Economic Opportunities Corporation, and a member of the Executive Board of the Economic Opportunities Corporation of Greater St. Joseph.

Mrs. Carolyn Pickett, secretary and bookkeeper, has a busy schedule. She handles correspondence, keeps school records, records receipts and expenditures, and prepares reports.

George Bishop, principal, assists the superintendent in administrative and supervisory duties. He keeps a close check on attendance. When the superintendent has to be away from school, he is responsible for its operation. He, like the superintendent, has classroom responsibilities to meet.

Last summer he received a grant from the National Science Foundation to study at the Kansas State Teachers College, Emporia, Kansas.

School bus drivers, Louie Gibson and Lloyd Shewey, wait for the dismissal of school. They also drive the buses to out-of-town games and to other events.

Other Employees

While grade school students watch, Kenneth Riley, custodian, raises the school flag. His responsibilities include care and maintenance of the school buildings and grounds. He is also in charge of the storage of equipment and supplies.

Members took turns in setting up and taking down risers for the pep club cheering section at home games. They also had charge of the coat-check room. Money raised from this project will help send the 1966-'67 varsity cheerleaders to the cheerleading clinic this summer.

Club officers for the year were Marilyn Schleicher, chairman; Sandy Martin, secretary; and Ann Thompson, treasurer.

Information and ideas gained from this convention helped the staff to complete their two major projects of the year-- to publish bi-weekly the school newspaper, the Cardinal Capers, and to compile this book, the Echo. The staff members also wrote news for the county newspaper, The DeKalb County Record-Herald, and for radio stations in St. Joseph and Chillicothe, Missouri.

This three-act mystery-comedy, published by the Art Craft Play Co., was well received.

The play involved Hercules Nelson's weekend visit at his aunt and uncle's home. Hercules knew that his uncle had taken a new job but what he didn't know was that his uncle was a mortician. That's right, an undertaker. Needless to say, he and his friend, Wilbur Maxwell, were terrified. Well, it wasn't long until things started happening in ways that would put most brave men to flight.

Other students who received recognition during the schoolyear were Steve Grimm, who placed first at Stewartsville on the national math contest; Jenan Powell, who received first place in the DeKalb County Soil Conservation Scrapbook Contest; and Ron Hinderks, third-place winner in the discus throw at the Class S Missouri State Track Meet held at Columbia on May 16.

On May 13, eleven seniors began their three-day senior trip to Kirkwood Lodge at the Lake of the Ozarks. Highlights of the trip included a sight-seeing tour of Bridal Cave and the Indian Burial Grounds, motor boat riding, sea plane rides, square dancing, and a visit to Lee Mace's famed Ozark Opry.

Seniors Present "Tune in on Terror"

A three act mystery-comedy, "Tune in on Terror," was presented by the Senior Class on May 6.

The plot of this hilarious and hair-raising thriller revolved around Jaqueline Jerrold who left one man at the altar and eloped with another. On a blizzardy March night, Jaqueline, accompanied by her best friend Patty Larson and her maid Afadilla Deaver, hastened to an eerie old abandoned hospital near Owlhoot Woods where she is to meet her fiance, Bart Burdette, and be married. But upon arrival at the hospital, they found the Arkwright twins there, Jane and Ellen, who must remain in the Haunted hospital until half-past midnight as a sorority initiation stunt. Jaqueline's boy friend Bart finally arrived with his preacher-pal Pet Moss who is to marry them. Pete is so nervous about performing his first wedding that he later gets the marriage ceremony confused with a burial service. Then when Jaqueline's hard-boiled step-aunt, Mrs. Dudley Fuddy, bounced in with her precious son, Dillingham, also Jaqueline's jilted fiance, things really started happening.

The seniors show their appreciation by presenting Miss Givens, the director, with a corsage.

Activity and excitement filled the Stewartsville Gymnasium on Friday and Saturday, April 22 and 23, as the juniors transformed this familiar area into a beautiful garden of roses for the Junior-Senior Banquet and Prom.

At the banquet the Junior Class President, Twila Hidy, welcomed the seniors. The response was given by the Senior Class President, Carol Everett. A bit of humor was added with the reading of the Senior Class Will by Carol.

Following the dinner, a brief intermission was allowed to give class members time to go after their dates and to allow the Safari's, a dance band from St. Joseph, time to set up their instruments. The prom lasted until midnight.

Senior Class President, Carol Everett, reads the class will.

Calvin Wylde and a vocal solo by Gail Thompson, Principal John Bowers of Cameron gave the graduation address. After a vocal number by the Seventh Grade girls' trio, Superintendent Haskell presented the class to Mr. Dallas Pickett, board president, who presented the diplomas. Immediately after, Rev. Dear Twick,

Well, here it is, that time again and here I am writing in another one of your journals. It seems to me that this is becoming a habit or something. Well the best part was for lunch so - time out! Well, here I am again in algebra class! No more hair had a lot of wild times together, but last summer and this year at school. I hope we can keep on having them much fun. (There is a bad thing to all this fun though, it has to come to an end sooner or later, and could also start a big scandal. Hey that's a bad idea! But let's not really clean up because of all the stuff I know. Right? But

well I am such a good + intelligent person, I guess I won't do it. Remember the from + all the fun we had decorating the gym + of course, there are several things other than that. I hope the juniors put on as good a show for us as we put on for the seniors this year. I think they really enjoyed it. Oh, and what about the J. play? It was really an awful mess for awhile, but as we went along it got better + better + better. I thought I was going to die when I saw some of the costumes, but then I looked in the mirror and suddenly

that's up. What happened was that something scared me! I only have one screw for my year, and that is that we have as much fun if not more next year. Lots of teachers, you get out of school. I know you will be a great music teacher, better than me I can think of right now anyway. HA! Guess I'll

I am expecting to have as much fun with you as I did last year as you had better get started practicing or being an old maid, it has been an awful long time since I have seen you (5 or 6 hrs) + I miss you terribly. HA! So showing on back so I'll have someone to talk to. Love, Dan J. 65-66

Dear Tuila

I don't have to much to say so my words will be few. You've been one of my best friends these passed three years and I hope next year will be the same. So good luck in the future.
