FORWARD

Enclosed between the covers of this book, you will find memories of the year 1951-1952. These pages contain the many interesting events highlighting the activities of C. H. S. We realize this book is not perfect but nevertheless we hope that in the future, when glancing through this book, it will bring back happy moments. We feel the enjoyment you receive from this book will more than repay for the time and effort put forth in arranging it.

SENIORS

CLASS PROPHECY

This is the year of 1962 at the annual alumni reunion of the class of 1952. This reunion is being held in the New Clarksdale High School that has been built since we have parted. As we gathered around a delicious dinner served in the spacious dining room we began comparing notes regarding our accomplishments of the last ten years. Ours had always been an energetic and ambitious class, so we were pleased, but not too surprised to learn of each other's successes. One of the first choice bits of news is that Janice Buhman is now the head nurse of the Klu, Kluck, Klan Hospital in Davenport, Mexico.

It seems that Darlene Vette and Jean Miller have finally reached their dream of living on a ranch and getting the men of their choice. Jean Miller is engaged to Scoot Along Hassidy and Darlene Vette to Coy Lodger. They are also the owners of the J and D Nut Ranch in Death Valley, California. They came from Death Valley on horseback to attend this special banquet. That is the reason they are standing to eat.

We were most surprised to learn that our class was the first to ever have a woman for President of the United States. We wish to congratulate Ann Misemer for bringing us this honor.

There is one who is doing what we featured. For instance, our Freda Krull is now dieting people for better health. This is a new development which she has worked out for our President, Ann Misemer.

We are not surprised either to learn that Clifton DeShon is now a famous veterinarian for the Animal Hospital and is getting his name in the paper every day, due to the great number of deaths occurring.

Also Albert Phillips is now employed at the Dew Drop Inn Undertaking establishment just one block South of the Misleading Lonely Hearts Club building where Lloyd Byous is head manager. We understand he has quite a business.

As the discussion went on we learned that Marion Ketchem is now the only living five star general of the United States Army. Also that our Ralph Anderson was still at home on his 3,000 acre farm raising worms.

We were not surprised to learn that two of our classmates were in the hospital recovering from accidents. They were Anita McManus who had been employed by the Bagwell Circus Company and fell off of a two foot ladder breaking her ear and Dewayne Gottswiller who received injuries when he was airplane racing with some Russians to see who could get to Timbucktoo, Africa first. It seems he run out of gas and when he parachuted out of his plane he fell in a tree and broke all ten toes.

Twila Schottel was unable to be with us tonight as this is Friday and that is her regular night for wrestling at the New York Stadium.

And last but not least we learned that our timid Bernadine Fisher is now a famous Fan Dancer for the Dizzy Dee night club.

If we could accomplish so much in the first ten years, we could not help wondering what the next ten would bring, so we all returned to our various homes and occupation promising to meet again in 1972.

The Seniors of 1952

Class Will

Realizing that we might have made more of our opportunities while we were students, we wish to give some advice to the members of the other classes.

First: Try to make good grades. You take them with you when you leave and you will be glad if they are a credit to you.

Second: Don't store chewing gum on the chairs and desks for future use. It always tastes like varnish when you try to use it again, and you can never be too certain it is your chewing gum.

Third: Don't try to fool the teachers. They are on to the game. Once they went to school and played the same tricks that you may attempt. We tried and only to our sorrow.

Believing that there are certain individuals who possess indications of attaining the skill that some of us have shown, we the Senior Class of 1952 being sound of body and mind, do hereby will and bequeath our worldly goods in the following manner.

I, Ralph Anderson, do will and bequeath my curly hair to James Bullock.

I, Janice Buhman, do will and bequeath my Athletic figure to Norman Burris.

I, Lloyd Byous, do will and bequeath my plump physique to Sharon Buhman.

I, Clifton DeShon, do will and bequeath my G.I. haircut to Shirley Buster.

I, Bernadine Fisher, do will and bequeath my bashfulness to Donna Wilhelm.

I, Dwayne Gottswiller, do will and bequeath my ability to get along with the teachers to John Weidmaier.

I, Floy Hitzelberger, do will and bequeath my ability to write letters to Paul Palmer.

I, Jack Ketchum, do will and bequeath my opera voice to Donald Ellis.

I, Freda Krull, do will and bequeath my Saturday night date to Ava Anderson and Colleen Hartman.

I, Anita McManus, do will and bequeath my evenings at home to Kathrine Courtney.

I, Jean Miller, do will and bequeath my boyfriends to Yvonne Weidmaier.

I, Ann Risemer, do will and bequeath my ability for studying to Jimmy Walters.

I, Albert Phillips, do will and bequeath my ability to drive over teachers to Susanne Jarrett.

I, Twila Schottel, do will and bequeath my seat on the bus to Junior Cehse.

I, Darlene Vette, do will and bequeath my Cheerleading ability to Larry McWilliams and Warren Collins.

We the Senior Class of 1952, do will and bequeath the following;

First; To the Senior Class of next year we leave our desire to be the outstanding and smartest class ever to graduate from High School.

Second; We leave our good looks to the Juniors of next year. They need them. Our brains would be of no use to them. They have some of their own.

Third; To the Sophomores of next year we leave the task of doing everything we left undone.

Fourth; To the faculty we leave the job of running the school without our valuable aid and help; and without the inspiration we gave them in their work.

Fifth; To the school we leave the few gadgets we have bought, some finger prints on the wall, and our grades on the permanent record sheet.

The first Eagle Football squad of C. H. S. finished the season with a respectable record for their initial year of play. We placed fifth in a conference where most of the schools had several years more experience. We won 3 out of 8 games. We piled up 168 points and allowed 272 points to be scored against us. Losing only four members of this squad through graduation and gaining the experience of the past year we can expect great success on the gridiron next

The girls volleyball team of C.H.S. finished the season with a very fine record for this year of play. We placed first in both the Clarksdale and Bethany Tournaments. In winning 19 of our 20 games, we earned the right to share the title of Conference Champions with Pickett. We scored 642 points while our opponents scored 215 points. This was an average of 32 points per game while our opponents averaged 10 points per game. We are losing 6 members of the squad this year but we hope to have just as good a team next year if not better.
