### OFFICIANTS AND THEIR TITLES

Pages 1 - 11

This listing provides a specific reference number to each officiant. Following his name is a listing of every title used by the officiant in the marriage record.

The reference number is listed in the marriage record under the heading "BY".

### MARRIAGES, MORGAN COUNTY, MISSOURI

Pages 1 - 43

Under "Page" is listed the page number in the record book where the marriage is recorded. Under "Names" is listed the marriages, alphabetized by groom's surname followed by bride name. Under "Date" is listed the date of marriage. Under "By" is listed the officiant's reference number.

### BRIDE INDEX

Page 1 - 15

This is an alphabetized listing of all brides by their maiden surname, followed by their given name and then their married surname in CAPITAL LETTERS.

Morgan County, Missouri, was erected on 5 January 1833. Marriages in the area prior to this date are most likely recorded in Cooper County at Boonville, Missouri.

This book of marriages, by chronology of dates, is the second book, and begins on 25 March 1860. It ends on 18 August 1893 and contains 1,676 marriages. This, the rebound book, contains overlapping dates with Book One for the period beginning 25 March 1860 and ending on 20 June 1875. A check of the grooms for this overlapping period does not show a duplication of recordings. This overlapping of dates is inexplicable and all searchers are warned to consult both Book One and Book Two for possible marriages within this period

On the Index of the Morgan County Recorder, this book is designated as BOOK 3--which is a misnomer. Commonly this book is known as the Rebound Book and is without markings on the spine or cover. Actually it is the second book of marriages.

Considerable rechecking was done in an attempt to make this publication as accurate as possible. While all who labored on this work are not infallible, all are prepared to defend this effort as an unbiased and sincere effort and work. A very serious and honest effort was made to copy each name and the related information exactly as it appears on the original record without alteration. PHONETIC spellings are apparent in the original recording process and all searchers are warned of this possibility. Wherever a question mark (?) appears, it indicates an inability to read the original record.

It is assumed that all marriages were for residents of Morgan County, Missouri, unless otherwise noted.

Appreciation is hereby extended to Culley Blacksten, the County Recorder of Morgan County, Missouri, and to his staff "Peggy" and "Lou" for their courtesy and patience extended to the compilers.

Acknowledgement of aid and assistance, in many and various ways, is made to:

GEORGE CLODFELTER  
GUSSIE CLODFELTER  
VIOLA ANN YARNELL

This publication is the combined effort of  
ILENE SIMS YARNELL, who pencil copied the original record  
CARL G. KELSAY, the alphabetizer and editor  
AUGUST F. BARNHOUSE, who typed and printed the work.
