PHELPS COUNTY, MISSOURI, BIRTH & DEATH RECORDS, 1883 to (incomplete) 1890

The BIRTHS and DEATHS of Phelps Co., Missouri, were copied from the records on file in Jefferson City, Missouri. Unfortunately these records were very difficult to decipher, both from the clearness of the copy and the handwriting of the various clerks. PLEASE DO CHECK FOR ANY VARIATION OF SPELLING. All spellings have been copied, to the best of our ability, as shown in the record.

The BIRTHS give the name of subject, sex, color, number of birth by mother, date of birth, place, name of father, his age and birthplace, his occupation, name of mother, her age and birthplace, residence of family and by whom the report was made.

The DEATHS give the name of the deceased, sex and color, age, date of death, occupation, marital status, place of birth, years of residence in Missouri, place of death, place of burial, by whom.

Also given, but not included herein, were the cause of death, complication, duration of complication, duration of disease and name and residence of physician returning certificate. Should you desire further information on any of the deceased, send \$1.00 and a self addressed, stamped envelope for a copy of the record. Address your request to SALINE SENTIMENTS, Route 1, Box 16, Gilliam, Missouri, 65330.

Although BIRTHS and DEATHS of Phelps Co., Missouri, span an minimum number of years, they do contain a wealth of information for the researcher, much of which would otherwise be lost. The place of burial may be the only clue to a location of such burial if no stone or marker is extant today.

Again, it was the intent of SALINE SENTIMENTS to carefully transcribe the records. Great care has gone into the indexing of BIRTHS only, the DEATHS are in order by the first letter of the surname. We will be grateful if you would bring any discrepancies to our attention.

We sincerely hope these records are of service to you and we thank you for your patronage.
