## PREFACE

When members of the Yakima Valley Genealogical Society began abstracting records in the Yakima County Courthouse, in the winter of 1973, as an American Revolution Bicentennial project in keeping with the Society's program of making records of our heritage more easily available to genealogists and historians, publication of the abstracts in the Society Bulletin was planned. However, it soon became apparent that the abstracts would be too bulky to publish in the Bulletin within a reasonable period of time. Therefore, the Society decided to publish the Yakima County Records in a series of separate volumes. Also, because most of Benton County was a part of Yakima County during the period under study, it was decided to include Benton County records in the volumes to be published so that the records of individuals who had been residents of both Yakima County and the newer Benton County would be in one place.

To underwrite the expense of publication the Society took various actions. In addition to budgeting some of its regular income for records publication, members of the Society undertook special money raising projects. Miss Dorothy Prior, who several years ago generously gave the Society money to establish a publications fund, agreed this project should be the beneficiary of that donation and to make further contribution to our publication expenses. Finally, the Society applied to the Washington State American Revolution Bicentennial Commission for a grant to match somewhat less than one-half of the records publication budget.

On October 26, 1974, the Washington State American Revolution Bicentennial Commission made a grant to the Society of \$450 to assist in the publication of these Yakima County and Benton County records, for which we express our sincere appreciation.

The Yakima Valley Genealogical Society members and especially its President, Mrs. Cyril W. Davis, and its American Revolution Bicentennial Committee, Miss Dorothy Prior, Chairman, realize that publication of these records would not be possible without the assistance of many people. Thanks for their cooperation go to the Yakima and Benton County Auditors and Clerks for providing a place to work on the records in their custody and to their staffs, past and present, for providing good records with which to work.

Our thanks also go to the members of the Yakima Valley Genealogical Society who, through their dues and support of special projects provided substantial financial backing for the project and to Miss Dorothy Prior for her special gifts. Special appreciation is given to the following, who spent many hours abstracting records in the courthouses and in making the indexes for these volumes:

The Yakima County Cemetery records now being on microfilm and available to everyone through inter-library loan from the Washington State Library, some members of the Yakima Valley Genealogical Society decided to work in the courthouse during the winter of 1973-74. Records were sought which would supplement our cemetery records through the year 1907, when registration of births and deaths was centralized in the Washington State Department of Health at Olympia. Four principal groups of records were abstracted--the birth, marriage and death records in the office of the County Auditor and the probate records in the office of the County Clerk. In addition, the few naturalization records held by the County Clerk were abstracted.

While the records in the Yakima County Courthouse were being abstracted, it became apparent that very little work would be required to provide similar abstracts for the records of the Benton County Courthouse, that county having been established only two years before the end of the period we had elected to study. Therefore, the birth and marriage records (there were no deaths recorded before the spring of 1907) in the office of the Benton County Auditor and the probate records in the office of the Benton County Clerk were abstracted. The result is that abstracts of birth, marriage, death and probate records and of some naturalization proceedings (incomplete as such records were not uncovered in the Benton County Courthouse) through 1907 are available for most of the residents of the area that became Benton County. The only data missing is that for the relatively few residents of the southern one-fourth of Benton County, that area having been the eastern tip of Klickitat County.

To understand what may be expected from these abstracts, a brief outline of the history of Yakima and Benton County and their record keeping is essential.

#### Records in the Courthouse of Yakima County, Washington

When the first missionaries settled in the Yakima Valley, about 1850, it was part of Clarke County, a gigantic county encompassing most of the present State of Washington as well as land further east. On April 25, 1854, Walla Walla County was formed and assumed jurisdiction over the Yakima area. When Klickitat County was formed Dec. 20, 1859, some of the land now in Yakima County was given to the new county. When Yakima County was divided off from Walla Walla County on Jan. 1, 1865, its northern boundaries were much as they are now, but on Jan. 31, 1867 they were extended northward to the Wenatchee River, taking in all of the present Kittitas County and the southern part of Chelan County, these additions coming from Stevens County. Between 1868 and 1873, various shifts of boundaries between Yakima and Klickitat Counties occurred, but no major division of Yakima County occurred until Nov. 24, 1883, when Kittitas County was formed (including in its boundaries that land further north that is now in Chelan County). The final major change in Yakima County boundaries came on Mar. 3, 1905, when Benton County was formed.

Since registration of births and deaths began in Yakima County in May 1891, the boundary changes noted above have little effect on the location of these records except for residents of the southeastern portion of Yakima County that was cut off to Benton County. The naturalization records date from Sept. 2, 1882 and the same conditions apply to them as to the birth and death records, except that a few may concern residents of what are now Kittitas and Chelan Counties.

The boundary changes that occurred in Yakima County's history have more effect on what may be found in its marriage records and probate records. The earliest

marriage record in existence is dated Nov. 25, 1877, the earlier records having been lost in the courthouse fire of 1880. The marriage records prior to Nov. 1883 concern a considerable number of residents of the present Kittitas County and prior to Mar. 3, 1905 many residents of the southeastern part of Yakima County that now lies in Benton County. Also, since a marriage license is valid anywhere in the state, some licenses recorded in Yakima County were used elsewhere.

In the case of probates, we have been unable to find out where any estates may have been probated prior to Sept. 28, 1869 when the first entry was made in Probate Docket Book A. Probates before 1865 should be in Walla Walla County, which has probate records from 1860. Noting that the first probate records for Walla Walla County appear about five years after formation of the county, we suspect that if there were any estates subject to probate before 1869, they may have been probated in Walla Walla County. It may also be that the earliest probate records were lost in some general court journal during the courthouse fire of 1880, in which Probate Docket Books A and B were among the very few records saved.

#### Records in the Courthouse of Benton County, Washington

Benton County was established Mar. 3, 1905 by running a line due south from the Columbia River along the boundary between range 23 and range 24 east, Willamette Meridian, until said line again intersected the Columbia River. The land east of said line, lying in the bend of the Columbia River, became Benton County, the bulk coming from Yakima County with a small tip of the eastern end of Klickitat County being included in the new county.

The effect of the establishment of Benton County on the records of its past residents is important. Prior to Mar. 3, 1905, records for most if its residents should be found in Yakima County with those for residents of about its southern one-quarter being in Klickitat County. However, the distance residents of the future Benton County had to travel to the courthouse at Yakima or Goldendale seems to have influenced what may appear in the records of either courthouse. It appears that residents of the Benton County area did not report as high a percentage of births or deaths as did those in other parts of Yakima County, this practice being carried on after formation of the county, only 38 births and no deaths being recorded between Mar. 3, 1905 and April, 1907. It also appears that some residents of the Benton County area secured marriage licenses elsewhere, especially those in the Kennewick area who were very close to the Franklin County Courthouse, at Pasco. Newspaper and other sources also indicate that residents of the southern part of the Benton County area often went across the river into Oregon to be married rather than travel to Yakima or Goldendale for marriage licenses prior to Mar. 3, 1905.

In the case of legal proceedings, including probates, those who lived in the Benton County area prior to Mar. 3, 1905 did, naturally, have to use the courthouse of the county having jurisdiction over the part of the area in which they lived. When Benton County was formed, its courthouse took over jurisdiction of such affairs. In the case of probates, cases which were not concluded were transferred to the Benton County Probate Court and the first Probate Court Journals and Will Books include copies of all such proceedings transferred to the new court from Yakima and Klickitat Counties. Records of guardianships that were still active and of past probates of estates which involved title to land within Benton County were also transferred to the new County. Whether any naturalization proceedings were similarly transferred could not be determined, since we did not discover any naturalization records during our work in Benton County, though some records for 1905-07 may exist.

### Condition of Records

The condition of the records in the Yakima County Courthouse, at Yakima, Wash., and in the Benton County Courthouse, at Prosser, Wash., is excellent. The only problem is the usual one of inconsistency of spelling of people's names, which arises from two causes. First, all the records we used were in volumes which had been prepared by copying records into them. Secondly, the style of handwriting common during the period these records were made leads to difficulty in transcribing names accurately. In the case of birth and death records, only one record for each was available. In abstracting these records, the alternative spellings are shown, but we decided it was unwise to insert what we think some of the names really were, even when it might bring members of a family together, after we found some of our assumptions might be wrong. In the case of marriage and probate records, there were two or more sources for the majority of the records. Few discrepancies in the spelling of names during a probate occurred. However, in the marriage records, names were frequently spelled differently in the Marriage Register and the Marriage Certificate. The increase of name variants in the marriage records had two causes. The first was the handwriting used in preparing the volumes. The second, and more important cause was the fact that those who made the entries into the volumes for the two types of marriage records either had difficulty reading the original documents or found inconsistencies in the spelling of names in the basic documents. The greatest variation in the spelling of names naturally occurred in those of foreign origin, especially in Germanic, French, Dutch and Slavic names, but many variations appear to be due to handwriting, especially the poor formation of the following letters, grouped as they caused confusion:

A, O, C	F, L, T, S	D, O, G	I, J, L	L, S	M, N, V, W	Y, Z
E, C	K, P, R	a, o, u	ei, ie	h, k	m, n, u, v	
c, e, s	g, y, j	r, v, w	rn, m	e, i (not dotted)		
l, t (not crossed)	dt, tt	sch, sh	ey, ry			

All variations in the spelling of names which were found are included in the text of our abstracts. In the Birth Records and Death Records, we included some cross-references where the spelling of the father's surname indicated that the spelling of the child's or decedent's name probably was wrong. However, it was not possible to cross-reference all the records that may possibly apply to one family group, since, in the case of a mother's name we had no basis for cross-referencing. The Marriage Records were so extensive that cross-referencing within the body of the text was impossible.

In the Surname Index, in each volume of our records, every spelling variant of a surname appearing in the text is shown. We recommend that anyone who does not find the record they seek in the place they expect, study the Surname Index carefully, checking all bearing surnames having the vaguest phonetic connection to the surname in which they are interested.

Anyone writing for certified copies of records listed in these abstracts should be sure to show any variations in names shown in the abstracts, for the record may be indexed under either form of the name. Also, to secure a complete marriage record, the request should include the fact that information from both the Marriage Certificate and the Marriage Register is desired.

DEATH RECORDS, YAKIMA COUNTY, WASH.

Registration of deaths in Yakima County began at the same time as that of births, May, 1891, and continued until the spring of 1907, when their registration was taken over by the State Department of Health at Olympia. During the time deaths were registered in Yakima County, we have no way of knowing what proportion were registered but believe the records are fairly complete for adults and older children, but know some stillbirths were omitted and probably the deaths of some children living in isolated parts of the county.

Although incomplete for many deaths, the following information was generally recorded and abstracted; Name of decedent, date of death, age, birthplace, marital status, name of parents and their birthplaces, and place of burial. Cause of death, place of residence and occupation of adults, and name of the person reporting the death were often noted, but being of limited interest have been omitted from our abstracts. Anyone wishing additional data about a decedent listed herein may secure it by inspecting the original record in person or by writing to the County Auditor, Yakima County Courthouse, Yakima, Wash., 98901. (A fee of \$2.00 per death record is required for mail replies.)

In these combined abstracts of the Register of Deaths and the file of death certificates, the following system has been used:

1. Place of death and burial was in Yakima County unless otherwise specified. Note: Benton County, formed Mar. 3, 1905, did not record any deaths during 1905-07 though some recorded in Yakima County, 1905-07, were buried there.
2. If burial was in Yakima County, only the cemetery name is given. Burial elsewhere is noted by the town and state name of the burial place.
3. If only initials or no first name were recorded, but our cemetery records revealed the full name, the data from the cemetery records is added in [ ]'s. Place of burial was similarly added or amended when known.
4. Age is in years, unless noted as "ds. (days), "wk." (weeks) or "mo." (months). Sex is noted (m) for male or (f) for female only when the first name does not clearly reveal it; "mar." = married; "wid" - widow or widower.
5. Certificates for Transportation of a Corpse are noted in lieu of death certificates in some cases and marked with an asterisk beside the date.

## DEATH RECORDS, BENTON COUNTY, WASH.

Benton County did not begin a Register of Deaths when it was founded in March 1905, so there is no direct record of deaths of its residents during the years 1905 through 1907. However, the death of some adult residents is recorded in the Benton County probate records. See: Volume IV for the 1905-1907 Probate Records of Benton County.

Further records of the death of residents of Benton County residents during the years 1905-1907 will be found in a listing of Births and Deaths found in the "Prosser Bulletin" and the "Prosser Record" published in the Yakima Valley Genealogical Society Bulletin, Vol. 7, No. 2, April 1975.
